March is 3 months of 12 25.0%

Looking at 2015 % to date provides an indication of “normal” seasonality of revenues and expenditures. Information can be skewed by One-Time Revenues for either year. Looking at 3 months of 12 (25%) gives a bench mark if activity occurred evenly throughout the year.

- The above revenues include both ON-GOING and ONE-TIME revenues. See graphs below for monthly tax revenue information.
- Intergovernmental revenues generally come from the state quarterly (but not all in the same months). E.g. liquor tax sharing, city assistance, marijuana tax sharing, etc. So low % is expected.
- Misc. Revenues includes facility rentals, interest, etc.
- City Council Expenditures reflect more meetings earlier in the year than in 2015.
- NonDepartmental includes annual pay-outs for organizations (AWC, Pollution Control, etc.)

- Police may need a supplemental budget as the Original Budget assumed Police gave up their Holiday Pay as part of furlough. This didn't happen so \$80K budget adjustment is likely.

General Fund Revenues by Month

General Fund Expenditures by Month

- The above graphs INCLUDE both ON-GOING and ONE-TIME revenues and expenditures.

2015 General Fund Monthly Activity

2016 General Fund Monthly Activity

- March 2016 revenues slightly exceed expenditures. This is an improvement over prior year. March 2016 revenues higher than normal due to permit revenues. Some of the larger permits were from Adrianna (\$139K) and Pannatoni (\$39K). Also as Technology Services was moved to the General Fund (from separate internal service fund) then General Fund now has internal service revenue from other funds each month.
- March 2016's expenditures were \$1,464,085 which is \$35,945 less than March 2015.

- 2016 includes computer replacement and computer maintenance costs for parking systems. Interfund services cost (for Marina folks operating this area) is higher than last year. 2015 did not have charges Marina service charges Jan to May. The projected shortfall is an area of concern as parking revenues will need to be increased in order to cover operating costs and provide funding for area related capital improvements. With status quo, 2016 Revised Budget Revenue estimate is \$73K and Revised Budget Expense estimate is \$91K for a reduction in Fund 140 fund balance of \$18K.

Special Revenue funds are volatile by their nature for both revenue and spending patterns.

- The Automation fee revenues come from development activity and therefore are expected to fluctuate through the year. The fund is still on track to meet its revenue budget for the year.
- The TBD will need a supplemental budget adjustment for expenditures. The Original Budget for expenditures only included the first \$20 of car tab spending. The new, additional \$20 was included in revenues but not in the budget. Revenues for the new \$20 are expected to start fully in April. March 2016 revenue was \$46K as compared to March 2015 of \$36K.

**APPROVED BY CITY MANAGER
FOR SUBMITTAL:** 

Purpose and Recommendation:

The purpose of this agenda item is to approve the attached Collective Bargaining Agreement (CBA) between the City of Des Moines and the International Association of Machinists and Aerospace Workers District Lodge 160 Representing the Court Clerks ("IAM").

Suggested Motion

Motion: "I move to approve the negotiated Collective Bargaining Agreement between the City and the International Association of Machinists and Aerospace Workers Representing the Court Clerks, substantially in form as submitted, and to authorize its execution by the City Manager."

Background:

This is the initial CBA with a new four-member bargaining unit by the International Association of Machinists and Aerospace Workers (IAM). The City began negotiations with IAM on July 21, 2015. After several negotiation sessions over the course of seven months, the parties reached a tentative agreement on the entire CBA on February 8, 2016. On February 29, 2016, the agreement was voted by the bargaining unit members in accordance with the IAM policy and accepted.

Discussion:

The CBA provides essentially the same pay and City contributions toward health care benefits for IAM members as the City's non-represented General Employees. IAM members had not received a wage increase since January 1, 2013, so the CBA catches them up with the non-represented employees. At the same time, IAM members had continued to contribute a smaller percentage toward their medical premiums than the General Employees. This CBA rectifies both differences, with a pay increase and a greater employee share toward medical benefits. Approving the CBA will also enact a Memorandum of Understanding (MOU) the City reached with the IAM regarding mandatory furloughs.

Alternatives:

The Council could choose not to approve the CBA and direct the City Manager to continue negotiations.

Financial Impact:

The terms of the CBA and the related furlough savings were included in the 2016 budget. The CBA brings IAM wages in alignment with Ranges 13 and 19 of the General Employees 2016 pay scale, as follows:

<u>Grade</u>	<u>Title</u>	<u>Step A</u>	<u>Step B</u>	<u>Step C</u>	<u>Step D</u>	<u>Step E</u>
C-13	Court Clerk	\$ 3,839	\$ 4,031	\$ 4,233	\$ 4,445	\$ 4,667
C-19	Lead Court Clerk	\$ 4,859	\$ 5,101	\$ 5,356	\$ 5,624	\$ 5,905

In addition, the CBA provides a one-time lump sum payment in the form of a signing bonus as follows:

Lead Court Clerk	\$ 1,295
Court Clerk	\$ 1,756

The signing bonus represents the net increase for wage increases after deducting the additional employee share toward medical premiums for IAM members compared to the General Employees since January 2015. Effective March 1, 2016, IAM members will contributing the same percentage toward medical coverage as the General Employees, 10% for the employee and 20% for dependents for the HealthFirst and Group Health \$10 Copay plan, or 0% for the employee and 10% for dependents for either of the City's high deductible health plans.

The furlough MOU provides a savings of approximately \$10,615 for 10.5 furlough days, consistent with Resolution 1324, which implemented mandatory furloughs for the City's non-represented employees.

Recommendation/Conclusion:

Staff recommends approval of the attached Collective Bargaining Agreement.

- 2.2 Delivery of court services in the most efficient, effective, and courteous manner is of paramount importance to the Employer, and, as such, maximized performance is recognized to be an obligation of employees covered by this Agreement. In order to achieve this goal, the parties hereby recognize the Employer's right to determine the methods, processes and means of

providing court services; the right to increase, diminish, or change operations, in whole or in part; the right to determine court equipment, including the introduction of any and all new, improved, or automated methods or equipment; and the assignment of employees to a specific job within the bargaining unit in accordance with their job classification or title.

ARTICLE 3 UNION SECURITY

- 3.1 MAINTENANCE OF MEMBERSHIP — All employees and newly hired employees covered by this Agreement shall become members of the Union within thirty-one (31) days from the effective date of this Agreement or within thirty-one (31) days from the date of employment, whichever is later and shall remain members of the Union in good standing as a condition of continued employment. For the purpose of this Article, membership in the Union shall be deemed to have been maintained if the employee has not failed to tender his/her normal monthly dues and/or initiation fee for an accumulative period of two (2) months.
- 3.2 PAYROLL DEDUCTION — The Employer shall deduct monthly dues required of the employees in the Bargaining Unit who voluntarily execute a wage assignment authorization form. The Employer will deposit such dues and shop Agency Fee with IAM District Lodge 160, 9135 - 15th Place South, 2nd Floor, Seattle, Washington 98108-5190. The Union and each employee authorizing the assignment of wages for payment of Union dues hereby undertake to indemnify and hold the Employer harmless from all claims, demands, suits or other forms of liability that may arise against the Employer for or on account of any deduction made from the wages of such employee.
- 3.3 NEW EMPLOYEES — The Employer will notify the Union of all new hires involving Bargaining Unit positions within thirty (30) days of hire. All newly hired employees shall be introduced to the Chief Steward or designee who will be allowed fifteen (15) minutes to brief the new hire on the collective bargaining agreement, Union membership and related matters as part of the new hire orientation.

- 3.4 “FAIR SHARE PROVISION” AND RELIGIOUS EXEMPTION — Employees who choose not to be members of the Union shall make “fair share” payments, not to exceed an amount equal to Union dues, in lieu of Union dues. These payments shall be for costs of the Union which are germane to the collective bargaining processing. Such payments shall be made in the amounts allowed under applicable federal and state law for such payments. These payments shall be remitted to the Union by payroll deduction or paid directly to the Union before the end of each month. The Union shall provide advance information as to the amount and calculation of the fair share payment to any Employee who requests the information. If an Employee wishes to challenge the amount of the fair share payment, an independent arbitrator shall be selected by the American Arbitration Association from their outside panel of arbitrators. The Employee and the Union shall share equally the cost of the arbitration. Initiating such a challenge shall not relieve the Employee’s requirement to continue to make fair share payments. Religious exemptions shall be handled as per Washington State law.

ARTICLE 4 UNION REPRESENTATION

- 4.1 A shop steward shall be granted reasonable time to participate in grievance meetings with the Employer and/or to accompany an employee in an investigatory interview.
- 4.2 UNION OFFICIALS TIME OFF – An employee who holds a Union position (Shop Steward and/or member of the Negotiating Committee) may be granted time-off while conducting business vital to the employees in the bargaining unit provided:
- a. They notify the Employer in writing at least forty-eight (48) hours prior to the time-off period, or as otherwise mutually agreed to with the Employer;
 - b. The Employer is able to properly staff the employee's job duties during the time-off period;
 - c. The wage cost to the Employer is no greater than the cost that would have been incurred had the employee not taken time-off; and
 - d. Employees shall not transact Union business while working on shift, except up to two designated representatives may participate in contract negotiation meetings with the employer, or as otherwise mutually agreed to with the Employer.
- 4.3 UNION VISITATION – An authorized representative of the Union shall have access to the City’s workplace at reasonable times for the purpose of investigation of grievances, resolving disputes and ascertaining that the Agreement is being adhered to, provided that such visit shall not interfere with the work process or cause undue interruption of the employees’ work schedule.
- 4.4 UNION BULLETIN BOARDS — The Employer shall provide suitable non-public space for the Bargaining Unit to use a bulletin board in each City building staffed by Bargaining Unit employees. Postings by the Bargaining Unit on such boards shall be confined to official business of the Union.

ARTICLE 5 NON-DISCRIMINATION

- 5.1 Neither the Employer, the Union nor any employee shall in any manner whatsoever discriminate against any employee or applicant for employment on the basis of race; color; religion; creed; sex; marital status; national origin; age; or sensory, mental or physical disabilities. Nothing shall prevent the City from establishing bona fide occupational qualifications (BFOQ).
- 5.2 No employee shall be discriminated against because of membership or non-membership or lawful activity in the Union, provided such activity is not carried on so as to interfere with the normal work process.

ARTICLE 6 STRIKES OR LOCKOUTS

- 6.1 Employees shall perform their assigned duties to the best of their abilities. Neither the Union nor any employee shall cause, engage in, sanction, encourage, direct, request, or assist in a slow-down, work stoppage, interruption of work, or strike of any kind, including a sympathy strike, or any interference with the efficient operation of the Court. The Employer shall not cause, permit, or engage in any lockout of its employees. The Employer, employees, and Union shall comply with state law as prescribed by the Revised Code of Washington 41.56.120 as currently enacted or as hereafter amended.

ARTICLE 7 EMPLOYEE RIGHTS

- 7.1 The Employer recognizes and agrees that employees covered by this Agreement are entitled to all rights and privileges accorded ordinary citizens under all applicable provisions of the United States and State Constitutions as well as the rights and privileges granted by any and all applicable laws and this Agreement. If a meeting is called for disciplinary action, and employee may request a Union Representative to be present.
- 7.2 Employees shall have the right to review their personnel file on break time, lunchtime, or leave status, and request in writing amendments of any statements in their file. Any Employer's decision regarding a proposed amendment shall be in writing. If amendment is refused, the employee shall be entitled to have a rebuttal statement placed in the file. All performance evaluations shall be reviewed with the employee before being included in their personnel file. Employees shall sign the evaluation as evidence that it has been reviewed with them. An employee's signature does not necessarily indicate agreement.
- 7.3 An employee shall have the right, upon request, to have the Union Steward and/or Union Representative present at any meeting during which an employee reasonably believes discipline may be implemented against the employee. Informal discussions regarding work performance, attendance, etc., and meetings to discuss performance evaluations are not subject to this Article.
- 7.4 Any interview of an employee shall be at a reasonable hour, when the employee is on duty, unless the exigencies of the investigation dictate otherwise. Where practicable, interviews shall be scheduled for the daytime.

- 7.5 All employee interviews shall take place at an Employer's facility, except when impractical. Where an employee is the subject of an investigation, the employee shall be afforded opportunities and facilities to contact and consult privately with the Union Steward or Union Representative before being interviewed. Upon the employee's request, the Union Steward or a Union Representative shall be present during the interview, if requested, and may provide the employee with full representation.

ARTICLE 8 EMPLOYEE PROBATION

- 8.1 PROBATION (FULL-TIME) – Employees appointed to regular full-time positions shall serve a probationary period of twelve (12) months and shall have no seniority rights during that period. After twelve (12) months an employee's seniority date shall become the date on which the employee started the probation period. The Union may not question the dismissal of any employee during the probation period nor shall the dismissal be the subject of a grievance.
- 8.2 PROBATION (PART-TIME) – Employees appointed to regular part-time positions shall serve a probation period of twelve (12) months, or shall be given credit for time worked based on pro rata hours worked (based on a 2,080-hour year), and shall have no seniority rights during that period. After twelve (12) months, or within the pro rata period set forth above, an employee's seniority date shall become the date on which the employee started the probation period. The Union may not question the dismissal of any employee during the probation period nor shall the dismissal be or become the subject of a grievance.
- 8.3 PROMOTION PROBATION – The probationary period for an employee who has been promoted to a new classification shall be twelve (12) months. If an employee's performance in the new classification is found to be unacceptable, as determined by the Employer, and if the employee is qualified to return to the position from which the employee was promoted, the employee shall have the right to return to the position from which the employee was promoted. The Union may not question the Employer's decision to return the employee to his/her previous position. Nor shall the Union question or grieve the Employer's decision to return the employee to his/her previous position.

ARTICLE 9 SENIORITY

- 9.1 Seniority shall be the amount of continuous service within a regular bargaining unit position. Seniority shall date back to the employee's date of hire in a regular status in the bargaining unit, but shall not be established until completion of the employee's probationary period. An employee may be disciplined and/or discharged during his probationary period without recourse to the grievance procedure contained herein.
- 9.1.1 Each calendar year, upon the request of the Union, the Employer will provide the Union with a seniority list showing the name, present classification, first date of compensated work in the bargaining unit and the employee's initial date of hire for each employee in the bargaining unit.
- 9.2 An employee's seniority shall be broken so that no prior period of employment shall be counted and their seniority shall cease upon:

- a. Retirement;
 - b. Voluntary termination or job abandonment;
 - c. Discharge;
 - d. Failure of the employee to notify the employer of his willingness to return to work upon recall from a layoff within ten calendar days after mailing a written notice from the employer to the employee's last known address appearing on the employer's records;
 - e. Failure to return to work promptly after an authorized leave of absence;
 - f. Layoff exceeding fifteen (15) months; or
 - g. Unauthorized leave from work beyond three working days.
- 9.3 The period of layoff or unpaid leave of absence will not count toward the computation of the amount of "continuous time in service".
- 9.4 LAYOFF – Layoff shall be by classification. In the case of a layoff, employees shall be retained on the basis of job performance. When job performance is relatively equal, the employee with the shortest length of continuous service shall be laid off first. Relative job performance shall be determined on the basis of qualifications, past job performance evaluations and current job evaluations. Qualifications shall be determined by the knowledge, abilities and skills required for the affected position, as stated in the classification descriptions, and the employee's ability to perform the remaining work without further training.
- 9.4.1 The employer shall use no less than the last three (3) job performance evaluations in the determination of which employee is to be laid off. However, if an employee has less than three years of work in any of the classifications (can be cumulative) then those job performance evaluations shall be utilized.
- 9.4.2 Such person designated for layoff may bump an employee in a lower bargaining unit job classification the employee has previously held and/or which the employee is qualified (skills and ability) to hold. The employee to be bumped and laid off from the lower classification shall be selected through the process described in this Article.
- 9.5 RECALL – In the case of recall, those employees laid off last shall be recalled first. An employee on layoff shall keep both the Employer and the Union informed of the address and telephone number where he can be contacted. Failure of the employee to notify the Employer of his willingness to return to work upon recall from layoff within ten (10) calendar days after mailing of written notice from the Employer to the employee's last known address appearing on the Employer's records shall cause the Employer's obligation to recall the employee to cease.
- 9.5.1 The Employer shall have no obligation to recall an employee after he has been on continuous layoff for a period of fifteen (15) months.
- 9.5.2 During a period of lay-off recall, no temporary employees may be hired until laid off bargaining unit members have been offered the position. The declination or acceptance of a temporary position will not affect the recall status of the individual.

ARTICLE 10 EMPLOYEE CLASSIFICATIONS

- 10.1 FULL-TIME REGULAR EMPLOYEES – “Full-time employee” means any position in which the employee regularly works forty (40) hours per week in an ongoing, year-round position.
- 10.2 PART-TIME REGULAR EMPLOYEES – “Part-time regular employee” means an individual appointed to an ongoing, year-round position of fewer than forty (40) hours per week on a regular basis. Part-time regular employees who work at least sixteen (16) hours per week shall accrue vacation, sick leave, seniority, and holiday benefits in direct ratio to hours worked. Part-time regular employees who work thirty (30) or more hours per week on a regular basis are eligible for medical, dental, vision, life, and long term disability insurance.
- 10.3 TEMPORARY EMPLOYEES – “Temporary employee” means an individual appointed to an ongoing, year-round position of less than 16 hours per week, or to a full-time or part-time specific assignment lasting less than twelve (12) months. - 10.4 SEASONAL EMPLOYEES – “Seasonal employee” means a temporary employee appointed to a position doing work typically performed at the same season of each calendar year, with an annual employment of less than five (5) months. - 10.5 Pursuant to WAC 391-35-350, temporary and seasonal employees shall not be subject to the terms of this Agreement unless they work more than 347 hours in a rolling twelve-month period, they remain available for work on the same basis, and there is an expectation of continued employment.
- 10.6 NEW CLASSIFICATIONS – Should the Employer establish a new Bargaining Unit classification during the term of this Agreement, the Employer will notify the Union. If the union objects to the proposed wage rates, the Employer and the Union will attempt to arrive at mutual agreement on wage rates for the new Bargaining Unit classification. If no agreement is reached, the Employer shall implement its proposed wage rate.

ARTICLE 11 LABOR MANAGEMENT COMMITTEE

- 11.1 LABOR MANAGEMENT – The Employer and the Union agree that a need exists for close cooperating between labor and management, and further, from time to time suggestions and complaints of a general nature affecting the Union and the Employer require consideration. To accomplish this objective, the Employer and the Union shall establish a Joint Labor-Management Committee which shall be comprised of participants from both the Employer and the Union. The committee shall meet as mutually agreed for the purpose of discussing and facilitating the resolution of problems which may arise between the parties. While it is not the purpose of the Committee to reopen collective bargaining negotiations or to change the terms of this Agreement, the Union and Employer may mutually agree to change, add, or delete any provision of this Agreement; such change shall be set forth in a Memorandum of Understanding, signed by authorized Employer and Union Representatives. Either the Employer or the Union may request a meeting of the Committee. The party requesting the meeting shall do so in writing listing the issues they wish to discuss.

- 11.2 No more than two (2) duly authorized representatives of the Union, excluding the business representative, shall function as one-half (½) of the committee, the other half being no more than two (2) representatives of the Employer. In the event the issues being discussed require the attendance of the business representative, an additional Employer representative will also attend.

ARTICLE 12 GRIEVANCE PROCEDURE

- 12.1 GRIEVANCE DEFINITION – A grievance is a complaint by a regular, full or part-time (non-trial period) employee or group of regular employees alleging a violation of a specific provision of this Agreement or discipline involving loss of pay or monetary benefits. A complaint by an eligible employee regarding discipline that involves a loss of pay or monetary benefits may only be processed through Step 2 of the grievance procedure herein.
- 12.2 GRIEVANCE PROCEDURE STEPS – A grievance shall be handled in the following manner:
- 12.2.1 STEP 1 – The aggrieved employee or group of employees shall present the grievance orally to the immediate supervisor within ten (10) business days of its occurrence (or discovery of occurrence), not including the day of the occurrence. The supervisor shall give an oral reply within ten (10) business days of the date of presentation of the grievance, not including the date of the presentation. If the grievance is resolved at Step 1, the supervisor shall prepare a memorandum to the grievant(s) setting forth the terms of the resolution. A copy of this memorandum should be sent to the Department Director and Human Resources Manager at the time it is sent to the grievant(s).
- 12.2.2 STEP 2 – If the grievance is not settled at Step 1 it shall be: (1) reduced to writing, stating the specific section of this Agreement that was allegedly violated and describing the remedy, adjustment, or other corrective action sought; (2) dated; (3) signed by the aggrieved employee or group of employees; and (4) presented to the Department Director within ten (10) business days after the supervisor's oral reply is given, not including the day the answer is given. The Department Director shall reply in writing to the grievant(s) within ten (10) business days of the date of the presentation of the written grievance, not including the day of the presentation. If the grievance is resolved at Step 2, the Department Director shall prepare a memorandum to the grievant(s) setting forth the terms of this resolution. The Human Resources Manager should be provided with a copy of this memorandum at the time it is sent to the grievant(s).
- 12.2.3 STEP 3 – If the grievance is not settled at Step 2, and alleges a violation of a specific provision of this Agreement, the written grievance shall be presented, along with all pertinent correspondence and information to the City Manager within five working days after the Department Director's response is given, with a copy going to the Department Director. The City Manager may meet with the aggrieved employee or group of employees, the immediate supervisory personnel and the Department Director. The City Manager shall reply to the grievant(s) in writing within ten (10) working days of the date of presentation of the written grievance, not including the day of presentation.
- 12.2.4 Step 4 – If the grievance is not resolved by the City Manager, the grievance may, within fifteen (15) calendar days, be referred to a mediator. The Union or the City Manager shall forward a request to the executive director of the Public Employment Relations Commission (PERC) to assign a mediator from his or her staff. Upon designation of the mediator, the parties will make every attempt to schedule a date for mediation within fifteen (15) days.

- a. Proceedings before the mediator shall be confidential and informal in nature. No transcript or other official record of the mediation conference shall be made.
- b. The mediator shall attempt to ensure that all necessary facts and considerations are revealed. The mediator shall have the authority to meet jointly and/or separately with the parties and gather such evidence as deemed necessary.
- c. The mediator shall not have the authority to compel resolution of the grievance. If the mediator is successful in obtaining agreement between the parties, he/she shall reduce the grievance settlement to writing. Said settlement shall not constitute a precedent unless both parties so agree.
- d. If mediation fails to settle the dispute, the mediator may not serve as an arbitrator in the same matter nor appear as a witness for either party. Nothing said or done in mediation may be referred to or introduced into evidence at any subsequent arbitration hearing.

ARTICLE 13 DISCIPLINE & DISCHARGE PROCEDURES

- 13.1 STANDARDS OF CONDUCT AND DISCIPLINE – It is the responsibility of all employees to represent the City to the public in a courteous, efficient, helpful and friendly manner. Public employees are often judged by the public they serve on first impressions and surface appearances. How the public perceives city employees influences its willingness to understand and support the needs of the City. Employees are expected to be cheerful, respectful and positive in attitude even when dealing with citizens under difficult circumstances.

Employees also should use basic tact, respect and courtesy toward their fellow employees; adhere to City policies, procedures, safety rules and safe work practices; comply with directions from supervisors; and preserve and protect the City's equipment, grounds, facilities and resources.

- 13.2 RULES OF CONDUCT – In the interest of the City and the public, it is desirable at all times, whether off-duty or on-duty, that an employee's conduct reflects favorably on the employee, his or her fellow employees, and the City. Off-duty misconduct may result in discipline when it renders an employee less capable of performing his or her duties and responsibilities, or when it reflects unfavorably upon an employee's continuing qualifications for employment.

It is the City's policy to place as few restraints on employee personal conduct as possible. The City relies on each employee's good judgment and sense of responsibility as the principal source of guidance for conducting day-to-day duties and responsibilities. However, for the protection of the City's business interests and other employees, certain rules of conduct have been established. The rules are formalized for each employee's information and to minimize the likelihood of any employee, through misunderstanding or otherwise, becoming subject to disciplinary action.

The occurrence of any of the actions set forth in the general rules of conduct section is deemed a sufficient justification for the imposition of the disciplinary procedures set forth in this section.

- 13.3 IMMEDIATE DISCHARGE – There are certain kinds of actions that cannot be permitted to occur because of their impact on other employees and the City. Such offenses may result in discharge on the first occurrence with cause. The following list contains examples of such

offenses. This list of examples is not all-inclusive. Before a final decision is made regarding a discharge, the City will convene a pre-termination meeting as provided for in the section on discharge.

The occurrence of any of the following is deemed a sufficient justification for immediate discharge:

- a. Theft, misappropriation or removal of city property or the property of employees, clients or customers.
- b. Knowing, intentional or repeated falsification of any application for employment or any report, record, time sheet or city records.
- c. Soliciting and/or accepting payment, gifts or any item of value for service performed during the regular workday, whether or not the services are performed on behalf of the City and whether or not city vehicles or equipment are used.
- d. Willful alteration, destruction or waste of city property, facilities, records or equipment, wherever located, or the destruction of another employee's property.
- e. Bringing alcohol (except for authorized city festivals such as Waterland), narcotics or other controlled substances onto city property or into city vehicles; the use of alcohol, narcotics or other controlled substances on city property or in city vehicles; reporting to work or being under the influence of alcohol, narcotics or other controlled substances while on working time, or while on city property or in city vehicles.
- f. Giving or taking a bribe of any nature as inducement for obtaining or retaining a job or position.
- g. Serious or repeated disorderly conduct or insubordination. Insubordination includes, but is not limited to: neglect of duty, or refusal or failure to obey orders or instructions in the line of duty; public disrespect displayed toward a supervisor or the City while performing work for the City; and abusive language to any supervisor.
- h. Threatening, intimidating, coercing or interfering with supervisors or other employees.
- i. Deliberate attempts to injure another employee or fighting on city property.
- j. Sleeping during working hours.
- k. Unauthorized possession of firearms, explosives or any dangerous weapons while performing city work.
- l. Participating in an unauthorized work stoppage or slowdown.
- m. Recklessness resulting in a serious accident while on duty, whether on city property or while driving a city vehicle.
- n. Repeated, unwelcome racial or sexual harassment directed toward another employee, including but not limited to demands for sexual favors in exchange for employment, retention of job, promotion or other employment benefits. Repeated use of racial epithets, slurs, insults or jokes.
- o. Conviction of a gross misdemeanor or felony.
- p. Being untruthful about one's actions when questioned.

If cause dictates that immediate discharge is warranted the employee's supervisor may relieve the employee from duty on the spot and suspend the employee without pay pending a final decision on discharge as provided in these policies.

- 13.4 OTHER DISCIPLINARY ACTIONS -There are certain types of actions that should not occur, but normally, it is the reoccurrence of the action rather than the first occurrence of the action which results in discharge. For such actions, a regular employee will normally receive a written or verbal warning, be suspended without pay or placed on disciplinary probation prior to discharge, depending upon all the facts and circumstances presented in each instance. The following section contains examples of such offenses. This list of such offenses is not all-inclusive.

The occurrence of any of the following is deemed sufficient justification for the imposition of lesser discipline such as a warning, suspension without pay or probation as set forth in the succeeding section, although under appropriate circumstances, the City may immediately discharge the offender with cause:

- a. Ignoring safety rules or common safety practices.
- b. Engaging in disorderly conduct, horseplay, immoral conduct or insubordination; using uncivil, insulting, vile or obscene language.
- c. Failure to report occupational injuries or accidents, including motor vehicle accidents, promptly to the employees' supervisor.
- d. Engaging in activities other than assigned work during working hours and/or while operating city equipment, without approval in advance by an employee supervisor.
- e. Acting in an insulting, disrespectful, rude, insolent or uncivil manner toward any customer or other person while working for the City, or while operating city equipment or on city premises.
- f. Failure to exercise the care and attention to one's work as required by the circumstances resulting in unsafe or potentially unsafe conditions.
- g. Smoking in restricted or prohibited areas, whether on city property or otherwise.
- h. Accepting secondary employment with another employer in violation of Section 13.5 below.
- i. Acting in any manner inconsistent with general rules of conduct necessary to the welfare of the City or its employees.
- j. Unexcused or excessive absences or tardiness.
- k. Leaving work before the end of the shift or not being ready to begin work at the start of the shift or working overtime without permission of a supervisor.
- l. Spending unnecessary time away from work.
- m. Unauthorized possession or use of any city property, equipment or materials.
- n. Carrying an unauthorized passenger in a city vehicle.
- o. Contributing to unsanitary conditions or poor housekeeping.
- p. Use of city property, time or confidential information for personal financial gain.
- q. Sexual or racial harassment or other unlawful discrimination toward another employee.
- r. Having wages or salary subject to a writ of garnishment for three or more separate indebtedness in a continuous 12-month period.
- s. Unsatisfactory work performance.

13.5 OUTSIDE EMPLOYMENT – The City does not encourage employees to hold second jobs, or have an active interest in outside business enterprises, though it does not object to employees doing so provided the following conditions are met. Engaging in employment or business enterprises that interfere with or reduce the efficiency of City employment may be grounds for disciplinary action. Prior to accepting any outside employment or outside business enterprise, employees must notify the department director or designee of their intention to do so. Outside employment or outside business in enterprise must:

- a. In no way detract from the efficiency of the employee while performing City duties;
- b. Present no conflict of interest with City affairs;
- c. Not take preference over extra duty required by City employment; and
- d. In no way involve the use of any City resources such as copiers, telephones, supplies, other equipment, or time.

13.5.1 The City understands that a regular part-time employee must often obtain outside employment to supplement the City's inability to provide full-time hours. Therefore, the City will give fifteen (15) calendar days' notice of any change to the regular part-time employee's regular schedule including any mandatory overtime, unless otherwise mutually agreed.

13.6 LEVELS OF DISCIPLINE – It is the goal of the City to apply fair and equitable disciplinary action with cause. However, the City reserves the right to decide disciplinary actions applicable for the conduct. The City may skip steps in the following sequence whenever, in its judgment, circumstances require an abbreviated disciplinary procedure. An administrative leave may be used, with or without pay, pending the results of an investigation.

- a. ORAL WARNING – Oral warnings may be given for minor offenses or to bring to the attention of an employee potential work performance problems. Oral warnings may include an explanation of the violation or problem and requests for corrective action on the part of the employee. A notation of each oral warning should be placed in a file and maintained by the supervisor for future reference. In addition, the offending employee may be handed a warning slip.
- b. WRITTEN WARNING – A written warning may be given for a more serious offense or when the employee, who has been orally warned for minor offenses or problems in his or her work performance, repeats them or fails to take corrective action. Written warnings may contain: a statement of the facts; a statement of the discipline being given, if any; if appropriate, the employee's explanation and reason for the violation; the required corrective action on the part of the employee, if appropriate; a written and definite period of disciplinary probation during which the employee must clearly demonstrate improvement; and a statement indicating further disciplinary action may follow if correction is not achieved. The employee and any other person who may be present at the discussion may sign the warning. The warning should be signed by the employee's direct supervisor and the city Department Director involved. Copies of written warnings are to be forwarded to the City Manager and the Human Resources Manager. After review with the employee, a copy of the written warning is to be given to the employee and a copy is to be entered into the employee's personnel file.
- c. SUSPENSION/FINAL WARNING – A suspension may be given for serious infractions of employee rules of conduct which are not deemed sufficient justification for immediate discharge, or for repeated offenses, or for failure to correct an action for which a written warning was previously given. A suspension is time off without pay for disciplinary reasons, and will be for as long as the City determines is reasonable

and necessary for a specific violation. In each case of disciplinary suspension, a written memo should be prepared and may indicate: the event or events which led to the suspension; the duration of suspension; a statement indicating required corrective action on the part of the employee; if appropriate, the employee's explanation or comment; and a statement indicating that it is a "final warning" and further indicating that the employee may be discharged upon the occurrence of another infraction or failure to correct the action within the stated time.

The employee and any other person who may be present at the discussion may sign the memo. The memo must be signed by the employee's direct supervisor and the Department Director involved, with copies forwarded to the City Manager and the Human Resources Manager. After review with the employee, a copy of this memo is to be given to the employee and a copy is to be entered into the employee's personnel file.

- d. **DISCIPLINARY PROBATION** - An employee may be placed on disciplinary probation for any violation of rules as listed above. Such an employee will be given a written statement of the action taken, the reasons for the action and the consequences of repeating or engaging in further or other unacceptable behavior. This written statement shall be given to the employee at the time the employee is placed on disciplinary probation or within two (2) days thereafter. A copy of this written statement shall be placed in the employee's personnel file.

Disciplinary probation may be for any period not to exceed twelve (12) months. During the disciplinary probation period, the regular employee must show the required improvement necessary to remain in the job. If the regular employee fails to correct his or her performance or repeats the unacceptable conduct during the disciplinary probation period, the employee may be discharged. All discharges shall be in accordance with the City's policy on pre-discharge meetings.

- e. **DISCHARGE** - When the supervisor feels that the nature of a violation warrants discharge, or if the discharge is a result of the disciplinary procedure where the desired corrective action was not achieved by one or all of the steps above (written warning, suspension, etc.), the supervisor will prepare a written report to his or her Department Director and the Human Resources Manager. The written report may include the reason(s) for the discharge; information on any previous warnings or disciplinary actions which may be relevant; a brief summary of the regular employee's past work record and length of employment with the City; and any other relevant information. The Department Director, the Human Resources Manager, the City Attorney and the employee's direct supervisor will process the case together and present their findings and recommendation to the City Manager. Before the final decision is made regarding a discharge, a meeting shall be convened as follows:

No regular employee shall be terminated without a pre-discharge meeting. The employee shall be provided with a written notice of the charge or grounds for termination and a summary of the City's evidence. The employee shall be given an opportunity to respond to these charges, either orally or in writing, and to explain why the City should not go ahead with the discharge. Although the Department Director's explanation of the City's evidence should be sufficient to inform the employee of the basis for discharge, this procedure shall not be construed to limit the City at any subsequent hearing or proceeding from presenting a more detailed and complete case, including the presentation of witnesses and/or documents not introduced at the discharge meeting. Should the City Manager or Department Director determine to

proceed with the discharge, or some alternative disciplinary action, the City will give the employee written notice of discipline without undue delay.

ARTICLE 14 LEAVES OF ABSENCE

- 14.1 SICK LEAVE – All full-time employees shall accrue sick leave benefits at the rate of eight (8) hours for each calendar month of continuous employment. Employees shall accrue one-half of their monthly sick leave accrual at the end of the first pay period of the month and the second half at the end of the second pay period. Part-time employees shall accrue sick leave benefits on a pro rata basis according to hours worked.
- 14.1.1 Sick leave benefits are earned from the date of employment, and may be utilized from date of employment. Employees do not earn sick leave benefits during a leave without pay. Employees do not earn sick leave benefits, and may not use any earned but unused sick leave benefits, during a suspension without pay. Employees continue to earn sick leave and vacation time while on paid sick leave.
- 14.1.2 Sick leave benefits not used during the calendar year in which they are earned may be carried over and used during succeeding calendar years. Such benefits may be carried over into successive calendar years so long as the employee remains employed by the City. Employees who transfer to another department retain any accumulated sick leave benefits after transfer to their new position.
- 14.1.3 Sick leave benefits may be used by eligible employees for any absence due to personal injury, bereavement, illness or temporary disability which keeps the employee from performing the employee's regular duties, paternity leave for ten days after the birth or adoption of a child under the age of six, medical and dental appointments, absences of reasonable duration occasioned by the illness or injury of a minor child or spouse, or the need to accompany a minor child to a medical or dental appointment, provide care for a child with a health condition, provide care for a spouse, parent, parent-in-law, or grandparent of the employee who has a serious health condition or emergency condition, exposure to a contagious disease where on-the-job presence of the employee would jeopardize the health of others, or use of prescription drug which impairs job performance or safety. Sick leave benefits may be used for actual periods of temporary disability associated with pregnancy or childbirth during which the employee is physically unable to perform her duties as certified by a licensed physician. For the purposes of this section, "child" is defined by RCW 49.12.265. "Health condition", "serious health condition", "emergency condition" and "mental or physical disability" are defined by WAC 296-130-020 (10-14).
- 14.1.4 In the event an employee exhausts his or her accrued sick leave, the employee has the option to use accrued vacation leave or compensatory time.
- 14.1.5 Employees injured on the job shall not simultaneously collect sick, vacation or compensatory leave and worker's compensation payments greater than the employee's regular pay. When and if the employee's sick leave is exhausted, compensatory time or accrued vacation leave may be used. In any event, the Employer shall pay only up to the maximum of the difference between the payment received under worker's compensation by such employee and the employee's regular straight-time rate of compensation that the employee would have received from the Employer if able to work. Such payment by the Employer shall be limited to the period of time that such employee has accumulated paid sick leave. The foregoing shall be accomplished by the employee "buying back" sick leave used with the time loss money from

worker's compensation. Upon receipt of each time loss check, the employee keeps those funds and is required to "buy back" sick leave by submitting a personal check or money order made payable to the Employer for the same dollar amount, and that payment will be credited back to the employee's sick leave balance.

- 14.1.6 Payment of sick leave benefits is conditioned upon the employee notifying the supervisor or Department Director, or designee, of the employee's absence(s) as outlined in Section 4.H Attendance and Tardiness/ Absenteeism of the Personnel Manual. Failure to give the required notice may result in no payment of sick leave benefits or other compensation for such absence(s).
- 14.1.7 The employee may be required to provide certification of illness from a qualified health care provider if so requested by the employee's immediate supervisor or Department Director, or designee, whenever absent for three (3) or more days. Medical certification may also be required in the event an employee calls in sick on a day when a vacation request was denied or not granted by way of the vacation bidding process, or for absences or tardiness in an established pattern such as when particular job duties are performed, on a day before or after days off, holidays, scheduled vacation, or weekends. The employee shall be required to provide a written release to return to work from a qualified health care provider whenever requested by the employee's immediate supervisor or the Department Director, or designee. The City may require any employee returning after an absence to be examined by a second qualified health care provider of the City's choice. If the City deems that a second exam is required, the City will pay any and all cost related to such an exam.
- 14.1.8 Any employee found to have abused sick leave privileges by falsification or misrepresentation shall be subject to corrective action, including but not limited to repayment to the City of any amounts paid to such employee for such periods of absence, or discipline, up to and including discharge.
- 14.1.9 Employees who utilize twenty-four (24) hours or less of sick leave in any calendar year shall receive 10 (ten) hours of vacation time. This is calculated per calendar year and is not available for people who work less than a full year. The employees who qualify for this additional vacation time, and the respective Department Director, shall receive a notice of the qualification in January immediately following the completion of the applicable calendar year. The time is immediately available upon notification and the use of this time follows the same guidelines as noted in Section 7.C of the Personnel Manual.
- 4.1.10 Employees with a sick leave balance of at least two-hundred (200) hours at the beginning of a calendar year, who use less than twenty-four (24) hours of sick leave in that calendar year shall, in February of the following year, have twelve (12) hours of their sick leave balance cashed and deposited into their 457 plan.
- 14.1.11 Employees who use all their accumulated sick leave and require more time off work due to illness or injury may submit a request to the City Manager for a leave of absence as specified by Section 7.I of the Personnel Manual.
- 14.1.12 Employees may take sick leave for care of family including spousal equivalent under the Washington Family Care Act and the Family Medical Leave Act as currently enacted or as may be amended.
- 14.2 SHARED LEAVE – Employees shall be eligible for shared leave in accordance with the current Employer policy contained in Section 7.J of the Personnel Manual, with the provision that the employee shall have exhausted all accumulated vacation, holiday and comp-time and all but

forth (40) hours of accumulated sick leave. The Employer reserves the right to change the Shared Leave policy, provided that the Union is offered the opportunity to comment and provide input prior to the change and the change is applied uniformly to all employees covered by Section 7.J.

- 14.3 LIGHT DUTY – Light duty may be provided per Section 4.L of the City of Des Moines Personnel Manual.
- 14.4 BEREAVEMENT – When a death occurs in an employee’s immediate family, the employee may take up to two (2) days of paid bereavement leave which is not counted against any other leave. In addition, the employee may use up to eight (8) hours of sick leave for bereavement leave for in-state deaths and up to twenty-four (24) hours of sick leave for out-of-state deaths. The timing of bereavement leave will be by mutual agreement between the employee and the Department Director, or designee. An employee is not paid for any days off if the employee would not otherwise have been entitled to compensation for that day. Bereavement leave pay shall be that amount the employee would have earned had the employee worked his or her regular work schedule during the leave. An employee may be granted a bereavement leave prior to completion of the probationary period. “Immediate family” as used in this section is defined as an employee's spouse, spousal equivalent in a cohabitation relationship, parents, grandparents, children, adopted children, foster children, grandchildren, brothers, sisters, first cousins, nephews, nieces, aunts, or uncles, and/or corresponding in-laws and “step” relations. Additional paid bereavement leave using sick leave or other leaves may be approved by the City Manager on a case-by-case basis.

ARTICLE 15 HOURS OF WORK

- 15.1 WORK SCHEDULE – A regular, full-time work schedule is 40 hours per week. Work schedules shall be set per Section 2.1.f.
- 15.2 Any change in normal work schedules shall be posted on the Union bulletin board and sent by email to affected employees at least ten (10) calendar days prior to the effective date of the change. These notice requirements shall not apply to work schedule changes that are implemented due to an emergency or at the employee’s request or if otherwise mutually agreed upon.
- 15.3 REST PERIODS – Employees shall receive a rest period of fifteen (15) minutes on the Employer’s time for each four (4) hours of working time and shall be scheduled as near as possible to the midpoint of each four (4) hour work period. By mutual agreement between the employee and the Employer, the rest periods may be taken at a time other than stated above.
- 15.4 MEAL PERIODS – Employees shall receive a meal period of at least thirty (30) minutes, not to exceed sixty (60) minutes, which shall be on the employee’s own time, between hours of 11:00 a.m. and 1:00 p.m., except when Court operations require that lunch be taken outside of these hours.

ARTICLE 16 OVERTIME

- 16.1 OVERTIME - All hours worked in excess of the employee's regular schedule in a day, with an eight (8) hour minimum, or forty (40) hours in a week shall constitute overtime. Vacation and holiday time shall be considered hours of work for the purposes of calculating overtime. Overtime shall be paid at the rate of one and one-half (1½) times the employee's regular straight-time hourly rate of pay.
- 16.1.1 Overtime shall be paid for in increments of fifteen (15) minutes with the major portion (eight (8) or more minutes) of each fifteen (15) minute increment being paid as fifteen (15) minutes.
- 16.1.2 In lieu of overtime pay, compensatory time-off may be accrued upon the request of the employee and the approval of the employer. Scheduling of compensatory time-off shall be subject to the approval of the employee's supervisor. Compensatory time-off shall be taken at the rate of one and one-half (1½) times the hours worked. The maximum number of hours that can be accumulated is forty (40) hours.
- 16.1.3 Employees shall not accrue additional leave (sick leave or vacation), health or other insurance benefits while on overtime.

ARTICLE 17 VACATION AND HOLIDAYS

- 17.1 VACATION - Each regular full-time employee shall accrue vacation leave at the following rates:

Years of Employment	Vacation Hours Earned	Carryover Maximum
0 - 3 years	8 hours per month	255 hours
4 - 6 years	10 hours per month	270 hours
7 - 10 years	12 hours per month	285 hours
11 - 15 years	14 hours per month	300 hours
16+ years	16 hours per month	315 hours

- 17.1.1 Employees accrue one-half of their monthly vacation accrual at the end of the first pay period of the month and the second half at the end of the second pay period. Employees are eligible to use earned vacation leave after six (6) months of employment. The department director can waive the six-month waiting period. Regular part-time employees earn vacation leave on a pro-rated basis.
- 17.1.2 VACATION BIDDING - All vacation must be scheduled with and approved by the department director or designee. Vacations shall be scheduled at such times as the Employer finds most suitable after considering the wishes of the employee and the requirements of the department. The primary bid for vacation leave shall be made by November 1st for the following calendar year. The primary bid will follow the process as listed; any employee that wishes to schedule vacation days throughout the following year will choose one occurrence at a time in order of seniority. Once the most senior employee chooses an occurrence, the choice will then be given to the next employee down the seniority list, and so on, until the list has been exhausted. An occurrence shall be defined as one (1) choice of a maximum of fifteen (15) consecutive vacation days. The process will continue until there are no employees left desiring to bid. No employee will be obligated to participate in the primary bid. Any subsequent vacation requests outside of the bidding process shall be taken at a time mutually agreeable to

the employee and the department director or designee on a first-come, first-served basis. The City reserves the right to deny all or a portion of vacation days requested, to include vacation bidding, when such leave would interfere with operations or create an adverse impact on the completion of work.

- 17.1.3 Employees are encouraged to use vacation in the year it is earned. The maximum vacation hours that any employee can carry over from one year to the next is according to the schedule listed in Section 15.1. Where City operations make it impractical for an employee to use his/her vacation time, the City Manager may authorize the employee to carryover more hours, provided that the employee submits a request to carryover the additional hours that includes an explanation of why he could not use all the hours over the maximum carryover amount in that year and details a plan to make sure he will not carryover more than the maximum the following year. This request must be endorsed by the department director.
- 17.1.4 Upon separation from employment, employees shall be paid for all accrued but unused vacation time on their final paycheck at their current straight-time rate. Employees who are retiring are encouraged to use unused vacation time prior to the effective date of their retirement. Retiring employees may be paid for that portion of unused vacation time that does not create a retirement financial liability or obligation for the City on their final paycheck.
- 17.2 HOLIDAYS – An employee is eligible for a paid holiday if he or she is on paid status during the work day before and after the holiday. Employees shall receive the following holidays off with eight (8) hours of compensation at their regular straight-time hourly rate of pay:

- 17.2.1 The above holidays shall be observed on those dates set by State law. Any holiday falling on a Sunday shall be observed on the following Monday. Any holiday falling on a Saturday shall be observed on the preceding Friday.
- 17.2.2 If a holiday occurs while an employee is on vacation or sick leave, the holiday shall be utilized rather than charged against the employee's accrued vacation or sick leave.
- 17.2.3 In the event the observation of a holiday falls on an employee's regular day off, the employee may receive their eight (8) hours of holiday compensation on their next paycheck or, with their supervisor's approval, schedule an alternate day off with eight (8) hours of pay.
- 17.2.4 Employees are eligible to use their floating holiday after six (6) months of employment. The department director may waive this six-month waiting period. The annual floating holiday does not carry over from one year to the next. It must be used in the calendar year earned or

is forfeited. The floating holiday is not compensated in any form upon separation of employment. The City Manager shall have the discretion to designate a particular day during the year as the floating holiday for all eligible employees. The City Manager may take an advisory ballot of all the eligible employees to determine for that year whether the employees wish to leave the floating holiday to individual discretion or to consolidate the floating holiday.

**APPROVED BY CITY MANAGER

Purpose and Recommendation:

The purpose of this agenda item is to approve the attached Labor Agreement between the City of Des Moines and the Des Moines Police Management Association.

Suggested Motion

Motion: "I move to approve the negotiated Labor Agreement between the City and the Des Moines Police Management Association, substantially in form as submitted, and to authorize its execution by the City Manager."

Background:

The Police Management Association (PMA) is a two-member bargaining unit of Police Commanders. The 2012-2013 agreement with the PMA had been extended through December 14, 2014. The City began negotiations with the PMA on July 22, 2014. After several negotiation sessions over the course of seven months, the parties were unable to reach a tentative agreement and agreed to move to mediation through the Public Employees Relations Commission (PERC). PMA mediation was placed on hold pending the outcome of the mediation between the City and the Police Guild. After the Police Guild negotiations were certified to arbitration, the PMA requested mediation. Through the mediation process, the parties reached a tentative agreement on March 22, 2016. The draft agreement was exchanged between the parties, with

one correction to address a misunderstanding concerning the clothing allowance, which will remain at the current contract language. The PMA President has signed the agreement, which is attached.

Discussion:

The tentative agreement includes cost of living adjustments which are not tied to the CPI-U as shown on the below chart. Had the prior formula of 100% of the Seattle-Tacoma-Bremerton CPI-U been continued, the COLA for 2016 would have been 1.6%. For 2017, the COLA would have been 100% of the CPI-U from June 2015 to June 2016. For information purposes, the CPI-U was 2.2% from February 2015 to February 2016.

The agreement also allows the Commanders to make their requested change away from the current medical plan options through the Association of Washington Cities (AWC) to the LEOFF Health and Welfare Trust Plan F, resulting in significant premium savings. The employee share of medical premiums increases to 5% for the employee upon ratification and 15% for dependents in 2017, plus the employee may take on a larger percentage of premium share depending on Plan F premium increases. This protects the City so as not to bear any medical premium increases greater than a 7.5% in any one year going forward.

					Monthly City savings/employee full family			(\$345.66)		(\$403.77)

Alternatives:

The Council could choose not to approve the agreement and direct the management team to request further mediation.

Financial Impact:

When comparing this agreement to budget forecast assumptions, this agreement will result in a cost increase of \$6,080 for 2015, but provides estimated **savings** of \$5,486 in 2016 and \$17,563 in 2017.

Recommendation/Conclusion:

Staff recommends approval of the attached Labor Agreement.

PREAMBLE

This agreement herein contains the entire agreement between the Des Moines Police Management Association (hereinafter known as the "Association") and the City of Des Moines, Washington (hereinafter known as the "City"). The purpose of the City and Association in entering into this agreement is to set forth their complete agreement with regard to wages, hours and working conditions for the employees in the bargaining unit so as to promote the efficiency of law enforcement; public safety; the morale and security of employees covered by this agreement; and harmonious relations in which the City's Values are encouraged and practiced, giving recognition to the rights and responsibilities of the City, the Association and the employees.

The members of this Association are and have been designated exempt employees by the City of Des Moines. The Commanders currently, are the only exempt, fully Commissioned Police Officers in the Des Moines Police Department other than the Chief of Police. The members of this Association are part of and under the color of authority of the Des Moines Civil Service Commission.

The members of this association by job description are currently seconds in command for the police department and oversee the daily and special operations of the department and associated employees. Association members are required to be available by phone 24 hours a day and 7 days a week. Members are frequently required to correspond and respond at all hours of the day and night to critical incidents and inquiries. Members of the Association are expected if not required to make decisions that directly affect the lives, liberties and safety of the department's employees and the customers we serve. These final decisions and directions are commonly made in the field and are required to be done in a very timely manner. Members of the Association are also responsible to attend and present at community events and special functions. Members also are responsible to ensure operations plans are developed, staffed and implemented with the care of the community and employees at the highest level. Association members enforce policy, procedure, lawful orders, ordinances, laws and State and Federal Constitutions. They oversee, conduct and review hiring processes and internal investigations and employee reviews. Association Members develop, implement and constantly monitor department budgets and closely monitor and implement the department Strategic Plan. Association members supervise more employees than any other department within the city.

The above description is not all inclusive and is not meant to be. The description is there to show the careers of the Association Members are quite different than those of a standard City of Des Moines exempt employee.

Layoffs, (Provided an agreement exists between the Association and the Des Moines Police Guild,) Department Re-organization or Non Disciplinary Demotion/Reduction of Rank and Bumping Rights: Personnel who are reduced in rank for non-disciplinary cause or laid off work shall have bumping rights to the next lower job classification provided: they have more total seniority with the department than the employee being bumped and have previously held permanent status in that classification. The employee will be paid at the highest rate of compensation for the class they are reduced into. For example, a Commander reduced in grade for a non-disciplinary reason to a Sergeant shall be paid at the top step Master Sergeant rate of pay. The employee will be considered vested in the reduced position and will not be subject to a probationary period.
- C. No employee is obligated to accept a reduction in rank or class and may accept the involuntary lay off termination without respect to a bumping privilege.
- D. Like work Prohibition: An employee who is reduced in rank because of lay off or restructure will not be asked or expected to routinely perform like work or work customarily performed by members of the classification from which they were reduced in rank from. Performance of such duties will be considered working out of classification and will be subject to higher compensation for working out of classification at a rate at least equal to the rate they were reduced from.

Section 3.3. Establishment of Reinstatement Registers:

- A. The names of employees who have been laid off or reduced in rank shall be placed upon a reinstatement register for the same classification from which lay off or reduced in rank. This reinstatement register shall be in effect for two years from the date of layoff or reduction, and shall take priority over other hiring or promotional lists.
- B. Refusal to accept regular full-time work with the Des Moines Police Department from a reinstatement register shall terminate all rights granted under this rule provided the work is in the same classification from which the employee was laid off.
- C. Order of Reinstatement - If a vacancy is to be filled from the reinstatement register, recall shall be made on the basis of length of service within the classification. The regular employee on such register who has the most service credit shall be first reinstated except in the cases of reduction in rank where reinstatement shall be made by time of service in that rank.

Section 3.4. Employee Status When Reinstated:

In the event a non-probationary employee leaves the service of the City due to reduction in force and within the next two years the City rehires said former employee in the same classification to which assigned at the date of reduction, such employee shall be placed at the step in the relative salary range which he/she occupied at the time of the original reduction.

- C. The City shall not allow anyone other than those employees responsible for Police Department operations and/or City administration to read, view or have a copy in whole or in

part of any employee's personnel file. This provision shall not restrict such information from becoming subject to due process by any court or administrative personnel tribunal or subject to disclosure as required by state or federal law. Any time an employee's file is subject to release in whole or in part to an outside party the employee will be notified three (3) City work days prior to such release. The notice of release shall contain the following information: to whom the record was released and under what authority (i.e. search warrant court order subpoenas etc.).

The City reserves the right to have a City appointed physician determine the extent of an employee's disability, ability to perform light duty and/or ability to return to full duty. Section 14.2. Representation During Grievances:

Grievances processed through Step 3 under Section 14.5 below of the grievance procedure shall be heard during normal City working hours unless stipulated otherwise by the parties. Employee representatives involved in such grievance meetings during their normal City working hours shall be allowed to do so without suffering a loss in pay.

Section 14.3. Exceptions to Time Limits:

Any time limits stipulated in the grievance procedure may be extended by mutual agreement in writing. Failure by the Association and/or employee to comply with any time limitation in this Article shall constitute withdrawal of the grievance. Failure by the Employer to comply with any time limitation in this Article shall allow the Association and/or the employee to proceed to the next step without waiting for the Employer to reply at the previous step.

Section 14.4. Class Action:

A grievance in the interest of a majority of the employees in a bargaining unit shall be reduced to writing by the Association (containing all information referenced in Step 1 below) and may be introduced at Step 2 of the grievance procedure and be processed within the time limits set forth herein.

Section 14.5. Steps and Time Limits:

A grievance shall be processed in accordance with the following procedure:

Step 1. A grievance shall be reduced to writing and presented by the aggrieved employee and/or the Association representative within twenty-one (21) calendar days of when the employee knew of the alleged contract violation to the employee's immediate supervisor. The written grievance shall contain the section(s) of the Agreement allegedly violated, the nature of the alleged violation and the remedy sought. The parties agree to make every effort to promptly settle the grievance at this stage. The immediate supervisor shall answer the grievance within seven (7) calendar days after being notified of the grievance.

Step 2. If the grievance is not resolved as provided in Step 1, or if the grievance is initially submitted at Step 2 pursuant to Section 14.4 Class Action, the grievance shall be forwarded within fourteen (14) calendar days after receipt of the Step 1 answer. Said grievance shall be submitted by the Association to the City Manager with a copy to the Police Chief. - d. If mediation fails to settle the dispute, the mediator may not serve as an arbitrator in the same matter nor appear as a witness for either party. Nothing said or done in mediation may be referred to or introduced into evidence at any subsequent arbitration hearing.

Step 4. Arbitration Procedure. If the grievance is not settled in accordance with the foregoing procedures, the Association or Employer may refer the grievance to arbitration within thirty (30) calendar days after the completion of mediation or in the event mediation is bypassed, within thirty (30) calendar days after completion of Step 3. The party striking the first name shall be determined by a flip of a coin. The other party shall then strike the next name and so on. The remaining person shall be the arbitrator. The time period for filing a grievance regarding disciplinary action that is subject to appeal under this Agreement, as well as the standard of review, shall be the same as that provided in a disciplinary appeal that may be filed with the Civil Service Commission. A grievance regarding disciplinary action may only be filed by a signatory of this Agreement. Grievances regarding discipline shall proceed through steps 1 through 2, as appropriate, of the grievance process. In the event the grievance is not resolved at one of the first two steps, the Association and the City agree that step 3, Mediation, shall be skipped and the grievance shall proceed per the provisions of step 4, Arbitration.

Section 14.8. Arbitrator's Authority:

In connection with any arbitration proceeding held pursuant to this Agreement, it is understood as follows: The arbitrator shall have no power to render a decision that will add to, subtract from, alter, change, or modify the terms of this Agreement, and the power shall be limited to the interpretation or application of the express terms of this Agreement, and all other matters shall be excluded from arbitration. Should the employee attempt to adjudicate their objections(s) relating to a disciplinary action through both the grievance procedure and the Civil Service Commission, the grievance shall be considered withdrawn upon first notice that an appeal has been filed with the Civil Service Commission.

Section 14.10. Retroactivity:

Arbitration awards or grievance settlements shall not be made retroactive beyond the date of the occurrence or nonoccurrence upon which the grievance is based that date being twenty-one (21) calendar days or less prior to the initial filing of the grievance.

ARTICLE 15 - POLICE OFFICERS' BILL OF RIGHTS

A relationship of trust and confidence between employees of the Des Moines Police Department and the community they serve and between employees of the Des Moines Police Department and their Employer is essential to effective law enforcement. Police employees must be free to exercise their best judgment and to initiate law enforcement action in a reasonable, lawful, and impartial manner. In addition, law enforcement employees are obligated to respect the rights of all people, and the Employer is obligated to respect the rights of its employees.

It is essential public confidence be maintained in the ability of the Employer to investigate and properly adjudicate complaints against its employees. The rights of the employee, as well as those of the public, must be protected.

The parties are committed to resolving internal investigation matters involving members of the Association in a manner that is expeditious, fair, and thorough, and is designed to resolve issues at the lowest possible level.

An investigation based on a complaint must be conducted in an open and fair manner, with the truth as the primary objective. The Employer accepts complaints against any of its employees and fully investigates all such complaints to the appropriate disposition.

The Employer has acknowledged its responsibility by establishing a system of complaint and disciplinary procedures which not only shall subject the employee to corrective action when improper action is evident, but also shall provide procedural protection to all employees throughout all steps of this process.

It is the purpose of these procedures to provide a prompt, just, and open disposition of complaints regarding the conduct of employees of the Des Moines Police Department. To this end, the Employer welcomes constructive and valid criticism of Employer procedures and complaints against its employees from concerned citizens of the community and from employees.

Section 15.1. Internal Investigations

When an internal investigation is being initiated regarding an employee, for an act that could lead to punitive action, including dismissal, demotion, suspension, reduction in salary, written reprimand, or transfer, for purpose of punishment, and because of such investigation he/she is being interrogated, such interrogation shall be conducted under the following terms and conditions:

- A. An internal investigation is defined as a formal inquiry into an allegation that an employee or employees violated a law or a department policy or regulation that is supported by reasonable cause to believe the violation may have occurred as alleged. Preliminary investigations which are conducted to determine if reasonable cause exists to conduct an internal investigation, informal discussions regarding work performance, and meetings to discuss performance evaluations and Personal Action Forms are not internal investigations and not the subject of this Article. Nothing in this Article or agreement prohibits an employee from invoking his or her right to have a representative present during a preliminary investigation, discussion, or meeting if the employee reasonably believes disciplinary action might result.
- B. Any employee who is the subject of an investigation shall be informed, in writing, at least seventy-two (72) hours or 3 business days, before any interview of the following: That the employee is considered a subject of the investigation, at that stage, the nature of the investigation, who is the complainant and/or the victim (unless the employer has reasonable grounds to believe by doing so the complainant and/or victim would be in danger), what

allegedly took place, when it allegedly happened, and where it allegedly happened. The employee shall also be afforded an opportunity and facilities to contact and consult with his or her Association representative, and to be represented by the Association representative to the extent permitted by law. The employee under investigation and the Association shall be informed in writing of the nature of the investigation and the person in charge of the investigation, and will be allowed to bring an attorney or Association Representative to represent him/her in the matter when the investigation may involve any discipline up to and/or including termination of the employee.

- C. All interviews shall be limited in scope to activities, circumstances, events, conduct or actions that are the subject of the investigation. If additional information is developed on a subject not related to the initial charge(s), questioning may not commence on the additional information, and the employee and Association shall be notified of additional charges in writing. At the cost of the requesting party and in accordance with Washington State Law, RCW 9.73, the employee or City may request that an investigation interview be recorded, either mechanically or by a stenographer. There can be no "off-the-record" questions. Upon request, the employee under an investigation shall be provided an exact copy of any written statement the employee has signed, or at the employee's expense a verbatim transcript of the interview.
- D. The interview of any employee shall be at a reasonable hour, preferably when the employee is on duty, unless the exigency of the interview dictates otherwise. Interviews shall be completed under circumstances devoid of improper intimidation or coercion. The employee shall be entitled to such reasonable intermissions as the employee shall request for personal necessities, meals, telephone calls, consultation with his/her representative, and rest periods.
- E. If prior to or during an internal investigation interrogation of an employee it is determined he/she may be charged with a criminal offense, he/she shall immediately be informed of his/her constitutional rights;
- F. Employees retain all of their constitutional rights. During an investigation in which an employee has been advised of their Garrity warnings, the employee will be compelled to answer questions directly related to and narrowly focused on the investigation. However, any information gained from the employee cannot be used against that employee in any criminal investigation.
- G. Disciplinary actions may include, but not limited to, the following: verbal warning, written reprimand or written letters of warning, loss of accrued vacation days, suspension, demotion, or discharge. Discipline shall generally be progressive in nature except where the offense warrants higher levels of discipline as determined by the Chief of Police.
- H. No employee shall be required to take a polygraph test and no adverse comment may be included in his/her personnel file or disciplinary hearing for his/her declining to take such polygraph test; (RCW 49.44.120)
- I. Lockers or other space assigned to an employee is considered public property and may be inspected without consent, provided the employee or Association representative has a right to be present.
- J. The employee shall not be subjected to profane language, nor shall the employee be threatened with dismissal or other disciplinary punishment as a guise to obtain the resignation of the employee. The Chief of Police will endeavor to impose discipline in a manner that is least likely to embarrass the employee.

- K. Should any section, subsection, paragraph, sentence, clause or phrase in this article be declared unconstitutional or invalid, for any reason, such decision shall not affect the validity of the remaining portions of this article.
- L. The Association recognizes the administration's effort to improve procedures involving complaints against its members. In an effort to ensure that these procedures are accomplishing their goals, there will be a review, as needed, of the procedures in a meeting between the Association and the Chief of Police.

Section 15.2 Investigation Timeline:

If an employee is facing discipline due to an internal investigation, the following shall govern the timeliness of the investigation:

- A. Internal Investigations shall be completed within ninety (90) calendar days, subject to the provisions of paragraph 2, 3, and 4 below. In the event the internal investigation has not been completed within (90) days, and no notice of extension has been provided to the Association and employee, a grievance may be filed. In the event exigent circumstances such as an Emergency Declaration is declared by the City Manager or Governor, timelines relating to internal investigations will stop until the emergency no longer exists.

Section 15.3. Psychological and Medical Evaluations:

The purpose of this Section is to balance the interest of the Employer in obtaining a psychological and medical evaluation of an employee to determine the employee's fitness for duty and the interest of the employee in having those examinations being conducted, in the least intrusive manner as possible, and in a manner as to protect the employee's right to privacy.

- A. **Conditions Under Which Evaluations Will Take Place:** No evaluation will take place without there being a reasonable suspicion to believe that an employee is psychologically or medically unfit to perform the job. If the employer has facts which provide reasonable suspicion that an employee may be unfit for duty, the employer will bring those facts to the attention of a doctor chosen from a list of doctors previously agreed to by the Employer and the Association. In the event the City and the Association do not reach agreement on an appropriate list, the City may select a doctor of its choosing. The employer may refer the employee to the selected doctor for evaluation. Any relevant medical history of the employee which the examining doctor requests shall be released by the employee only to the examining doctor. Whenever an employee is directly involved in an incident which results in a fatality, the employee will be required to have a psychological assessment and counseling prior to returning to full duty. Employees who are indirectly involved in such fatal incidents are encouraged to seek psychological assessment and counseling. The City will continue to pay for these visits.
- B. **Results of the Evaluation:** The doctor will issue a written report to the employer and the employee. The only information which the doctor may disclose shall be whether the employee is fit or unfit for duty or requires modified work conditions, and the prognosis for recovery. Additionally, where the cause of the unfitness is duty related, the doctor shall disclose that cause. If the doctor believes the employee is fit for duty but needs modified work conditions and/or continued treatment, the doctor will indicate what modifications and/or treatment are necessary and the extent and projected duration of the modification and/or treatment plan.

The employee shall follow the prescribed treatment plan. The doctor will keep all data that has been made available to him or her confidential and not release it to any party except the employee. Modified work conditions may include light duty assignments as provided in Section 6.4. Light Duty.

- C. If the employee is referred back to work by the doctor, but the employer still has reasonable suspicion that the employee remains psychologically or medically unfit to perform the job, employer may again refer the employee back to the original evaluating doctor for further evaluation.
- D. The employer has the right to send a pre-evaluation and/or post-evaluation questionnaire to the doctor listing any expectations, responsibilities and/or concerns the employer may have relating to the employee. The doctor will determine if the employee is capable of fulfilling the expectations and responsibilities outlined and clear up the concerns specified. The doctor shall provide such written determination to the employer prior to the employee's return to full duty.
- E. As used in this section, "doctor" refers to a physician, psychologist or psychiatrist.
- F. This section shall not be interpreted to limit the City's or employee's rights, obligations, or access to information under the rules and regulations applicable pursuant to the Americans with Disabilities Act, Family Medical Leave Act, or Worker's Compensation statutes.
- G. The Association/Employee shall have an opportunity at its expense, to discuss with the Employer's examining professional their conclusion and reasons therefore. If the Employee believes that the conclusions of the examining professional are in error, they may obtain an additional examination at their own expense and the Employer will provide the examining professional with documents which were utilized by the Employer's examining professional. In the event, the Employee and/or Association seek to contest the conclusion of the first examining professional, the Employee's report shall be in writing and shall be available to the Employer. The report shall be kept as confidential medical information and any use outside of the accommodation or fit for duty process shall be subject to a written medical release by the Employee. The Employee shall authorize the second examining professional to respond to reasonable questions clarifying the opinion, at the Employer's expense. Nothing herein prohibits the examining professionals from making safety disclosures required by law.

Should an Employee Grieve a disciplinary or discharge action taken as a result of an examination, the Employer shall allow release of the examination and supporting documents upon which it relies for the action, and all other prior examinations of the Employee.

Should an Employee Grieve a demotion, discharge or other action subject to the Grievance process, taken as a result of an examination, the Employer and Employee shall allow release of all examinations and supporting documents upon which it will rely in the proceedings, and all other prior examinations of the Employee determined to be relevant by the Arbitrator after a confidential review.

Section 15.4 Officer Involved Critical Incidents:

- B. The employee involved in a critical incident will be given reasonable accommodations to have contact with any persons allowed under RCW 5.60.060 (spouse, clergy, peer support, etc.)

- E. If there are multiple investigators assigned because concurrent investigations are underway, the investigators will coordinate so one investigator will be primarily responsible for the interview. All attempts will be made to minimize the need for successive interviews.
- F. During the interview of the employee relating to a critical incident, the employee will be given reasonable breaks and periods to prepare for the interview, and be given the right to consult with legal counsel and /or Association representation prior to and during the interview upon request. If requested, the interview may be postponed until the employee has been able to seek professional counseling before the interview takes place.
- G. If the incident is captured on video, the employee will be allowed to review the video prior to any statement being made unless the investigation has determined possible criminal culpability by the involved employee.
- H. At the option of the Employer (considering input from the affected employee and/or Association Representative), the employee shall be placed on administrative duty or administrative leave. Employees placed on either of these two leaves will revert to a weekly (Monday through Friday) dayshift work schedule for interview and administrative availability.
- I. While on administrative assignment, the employee will be allowed access to the employee's choice of counselors or doctors without loss of pay or benefits to the employee for a reasonable period determined by the employer and under medical coverage plan options.
- J. When either the employee or the Employer believes the employee should return to the employee's regular assignment, at the Employer's option, the employee shall provide documentation from his/her counselor or doctor indicating the employee is fit to return to his/her regular duties or to modified duties. The Employer at its option may request (at their expense) an independent examination of fitness for duty.
- K. After returning to duty, the employee will be encouraged and allowed full access to counselors without loss of pay or benefits to the employee while participating in a Department/City approved program.

- B. If an Association member is prosecuted for acts and/or omissions occurring while the member was acting in good faith in the performance or purported failure to perform his/her official duties, the City shall reimburse the member for legal defense, in an amount up to \$100,000, if the member is not convicted or does not suffer any other disposition of the criminal complaint that is adverse to him or her. PREAMBLE

This agreement herein contains the entire agreement between the Des Moines Police Management Association (hereinafter known as the "Association") and the City of Des Moines, Washington (hereinafter known as the "City"). The purpose of the City and Association in entering into this agreement is to set forth their complete agreement with regard to wages, hours and working conditions for the employees in the bargaining unit so as to promote the efficiency of law enforcement; public safety; the morale and security of employees covered by this agreement; and harmonious relations in which the City's Values are encouraged and practiced, giving recognition to the rights and responsibilities of the City, the Association and the employees.

The members of this Association are and have been designated exempt employees by the City of Des Moines. The Commanders currently, are the only exempt, fully Commissioned Police Officers in the Des Moines Police Department other than the Chief of Police. The members of this Association are part of and under the color of authority of the Des Moines Civil Service Commission.

The members of this association by job description are currently seconds in command for the police department and oversee the daily and special operations of the department and associated employees. Association members are required to be available by phone 24 hours a day and 7 days a week. Members are frequently required to correspond and respond at all hours of the day and night to critical incidents and inquiries. Members of the Association are expected if not required to make decisions that directly affect the lives, liberties and safety of the department's employees and the customers we serve. These final decisions and directions are commonly made in the field and are required to be done in a very timely manner. Members of the Association are also responsible to attend and present at community events and special functions. Members also are responsible to ensure operations plans are developed, staffed and implemented with the care of the community and employees at the highest level. Association members enforce policy, procedure, lawful orders, ordinances, laws and State and Federal Constitutions. They oversee, conduct and review hiring processes and internal investigations and employee reviews. Association Members develop, implement and constantly monitor department budgets and closely monitor and implement the department Strategic Plan. Association members supervise more employees than any other department within the city.

The above description is not all inclusive and is not meant to be. The description is there to show the careers of the Association Members are quite different than those of a standard City of Des Moines exempt employee.

ARTICLE 3 - EMPLOYMENT PRACTICES

Section 3.1. Seniority Definition:

- A. Seniority, for the purpose of vacation bids, layoffs and reductions in rank resulting from personnel reductions, shall be defined as the employee's length of permanent service within their current rank or classification, less any adjustments due to layoff, approved leaves of absence without pay (unless otherwise agreed to by the City), periods of 24 months or less between resignation and reinstatement according to Civil Service procedures, or other breaks in service. In the case of an employee who has been reduced in rank or classification, their seniority shall include time spent in the higher rank(s) or classification(s).
- B. Seniority (unless otherwise defined elsewhere within this agreement), for all other purposes, shall be defined as the employee's length of permanent service with the City of Des Moines, less any adjustments due to layoff, approved leaves of absence without pay (unless otherwise agreed to by the City), periods of 24 months or less between resignation and reinstatement according to Civil Service procedures, or other breaks in service.

Section 3.2. Personnel Reduction:

- A. Should it become necessary due to budgetary conditions, lack of work, or any other reasonable cause, to reduce the number of employees in this unit, the following basic provisions will apply: authority shall determine by classification in which layoff and/or reductions in rank are to occur. Such factors as nature of function performed, risk to overall public safety, impact on the Police Department operations, shall be weighed to determine areas where reductions can be made. Layoffs or reductions in rank of employees shall be accomplished in accordance with seniority as defined in Section 3.1.A with the least senior employees being first reduced or laid off.

Layoffs, (Provided an agreement exists between the Association and the Des Moines Police Guild,) Department Re-organization or Non Disciplinary Demotion/Reduction of Rank and Bumping Rights: Personnel who are reduced in rank for non-disciplinary cause or laid off work shall have bumping rights to the next lower job classification provided: they have more total seniority with the department than the employee being bumped and have previously held permanent status in that classification. The employee will be paid at the highest rate of compensation for the class they are reduced into. For example, a Commander reduced in grade for a non-disciplinary reason to a Sergeant shall be paid at the top step Master Sergeant rate of pay. The employee will be considered vested in the reduced position and will not be subject to a probationary period.
- C. No employee is obligated to accept a reduction in rank or class and may accept the in-voluntary lay off termination without respect to a bumping privilege.
- D. Like work Prohibition: An employee who is reduced in rank because of lay off or restructure will not be asked or expected to routinely perform like work or work customarily performed by members of the classification from which they were reduced in rank from. Performance of such duties will be considered working out of classification and will be subject to higher compensation for working out of classification at a rate at least equal to the rate they were reduced from.

Section 3.3. Establishment of Reinstatement Registers:

- A. The names of employees who have been laid off or reduced in rank shall be placed upon a reinstatement register for the same classification from which lay off or reduced in rank. This reinstatement register shall be in effect for two years from the date of layoff or reduction, and shall take priority over other hiring or promotional lists.
- B. Refusal to accept regular full-time work with the Des Moines Police Department from a reinstatement register shall terminate all rights granted under this rule provided the work is in the same classification from which the employee was laid off.
- C. Order of Reinstatement - If a vacancy is to be filled from the reinstatement register, recall shall be made on the basis of length of service within the classification. The regular employee on such register who has the most service credit shall be first reinstated except in the cases of reduction in rank where reinstatement shall be made by time of service in that rank.

Section 3.4. Employee Status When Reinstated:

In the event a non-probationary employee leaves the service of the City due to reduction in force and within the next two years the City rehires said former employee in the same classification to which assigned at the date of reduction, such employee shall be placed at the step in the relative salary range which he/she occupied at the time of the original reduction.

Association members who are recalled from layoff per Article 3.3.C shall have their sick leave balances restored to the number of hours that were in their sick leave banks at the time of layoff, minus any hours that were cashed out.

Section 3.5. EEO/Nondiscrimination:

Section 3.6. Personnel Files:

- A. The personnel files are the property of the City and shall be kept under the direct control of the Police Chief's Office and the Human Resources Department. - B. All Police personnel files must be kept maintained and secured in the confines of the Police Chief's Office and the Human Resources Department. The Police Chief and the Human Resources Director, or their designee(s), shall be responsible for the privacy of such files. It is understood that staff of each office will have access and may need to review or update personnel files while conducting City business.
- C. The City shall not allow anyone other than those employees responsible for Police Department

operations and/or City administration to read, view or have a copy in whole or in part of any employee's personnel file. This provision shall not restrict such information from becoming subject to due process by any court or administrative personnel tribunal or subject to disclosure as required by state or federal law. Any time an employee's file is subject to release in whole or in part to an outside party the employee will be notified three (3) City work days prior to such release. The notice of release shall contain the following information: to whom the record was released and under what authority (i.e. search warrant court order subpoenas etc.).

- D. Employees have the right to review their own entire personnel file. Employees shall not remove any material from their files but may upon their request have a copy of any material in their files without charge.
- E. The Association's attorney of record shall be given access to employees' personnel files. Employees can also give permission for third parties to view their file. The employee shall make a formal written request naming the person authorized to view their record (i.e. a DMPMA Executive Board member, family member or their designee(s), responsible for monitoring the process. The City shall accommodate such request at a time convenient for both parties.
- F. Employees may request removal of documents and table of content pages with reference to the specific disciplinary action(s) pertaining to suspensions of less than forty (40) hours, written reprimands, and memos of concern, provided the disciplinary action occurred at least five (5) years previous to the request and same or similar incidents have not occurred for at least five (5) years from the request. If the request meets the above criteria, the Chief of Police shall have the documents removed from the requesting employee's official City personnel file

Recognizing that flexibility is required in the scheduling of assignments for command personnel, the normal work week shall be the equivalent of forty (40) hours per week on an annualized basis. The normal work schedule shall be four ten-hour days, Monday through Friday, with 3 consecutive days off. The Employer reserves the right to schedule individual hours of work, shift assignments, and to schedule days off. The Employer will make a reasonable effort to notify Employees of such changes thirty (30) days in advance of the change, provided the Employer has advance knowledge of the need for a change in schedule. The Employer may change regular long term schedules and work weeks, provided employees are notified three months in advance of the schedule change. The Employer agrees to meet and discuss such changes with the Association, and the three month notification requirement may be waived by mutual agreement.

Section 4.2. Executive Leave:

It is recognized that employees will be required to spend additional time over and above their regular work week engaged in activities for the City. Since the employees are exempt from FLSA overtime, the parties agree that each member of the bargaining unit shall receive additional vacation time as do all other exempt City employees in the amount of **32** hours per year, accrued at a rate of 8 hours per quarter. Conferences to discuss such changes may be arranged prior to the time such changes would become effective. However, nothing in this section shall be construed to limit the City from exercising its management responsibilities, provided, however, that when changes in procedure or department operations would cause a reduction in force or layoff of any employee, such proposed change, including the effective date shall be provided in writing to the Association in advance of making the proposed change.

ARTICLE 6 - SICK LEAVE

A light duty status job may be assigned so as to permit the employee to continue working within the Department in a duty capacity that the employee is physically capable of performing in accordance with the conditions set forth by the employee's physician while continuing to be paid at the employee's normal rate of salary. Such assignment is contingent upon the medical prognosis of full physical recovery from the employee's disability within a reasonable period of time. The amount of time that will be allowed for assignment to light-duty status is up to one hundred eighty (180) days; provided that the one hundred eighty (180) days period may be extended in additional 180 days increments, based upon medical prognosis for recovery. Consideration of the extension shall be based upon the medical prognosis of the employee being able to return to full employment in a reasonable period of time thereafter in accordance with the advice of a physician retained by the employer. A request for light duty status will be submitted in writing by the employee to the employer or from the employer to the employee. The City reserves the right to have a City appointed physician determine the extent of an employee's disability, ability to perform light duty and/or ability to return to full duty. The City also reserves the right to impose additional restrictions on the employee's light duty assignments based on the employee's physical ability during the injury recovery period.

Step 3. If the grievance is not resolved by the City Manager, the grievance may, within fifteen (15) calendar days, be referred to a mediator. The Association or the City Manager shall forward a request to the executive director of the Public Employment Relations Commission (PERC) to assign a mediator from his or her staff. Upon designation of the mediator, the parties will make every attempt to schedule a date for mediation within fifteen (15) days.

The City and the Association shall attempt to select a sole arbitrator by mutual agreement. In the event the parties are unable to agree upon an arbitrator, either party may request the Public Employment Relations Commission (PERC) to submit a panel of nine (9) arbitrators. Both the City representative and the Association representative shall have the right to strike four (4) names from the panel. The party striking the first name shall be determined by a flip of a coin. The other party shall then strike the next name and so on. The remaining person shall be the arbitrator. A grievance regarding disciplinary action may only be filed by a signatory of this Agreement. Grievances regarding discipline shall proceed through steps 1 through 2, as appropriate, of the grievance process. In the event the grievance is not resolved at one of the first two steps, the Association and the City agree that step 3, Mediation, shall be skipped and the grievance shall proceed per the provisions of step 4, Arbitration.

Section 14.8. Arbitrator's Authority:

In connection with any arbitration proceeding held pursuant to this Agreement, it is understood as follows: The arbitrator shall have no power to render a decision that will add to, subtract from, alter, change, or modify the terms of this Agreement, and the power shall be limited to the interpretation or application of the express terms of this Agreement, and all other matters shall be excluded from arbitration. The decision of the arbitrator shall be final, conclusive and binding upon the City, the Association, and the employee(s) involved. The cost of the arbitrator shall be borne equally by the City, and the association, and each party shall bear the cost of presenting its own case. The arbitrator's decision shall be made in writing and shall be issued to the parties within thirty (30) days after the case is submitted to the arbitrator. Section 14.10. Retroactivity:

ARTICLE 15 - POLICE OFFICERS' BILL OF RIGHTS

A relationship of trust and confidence between employees of the Des Moines Police Department and the community they serve and between employees of the Des Moines Police Department and their Employer is essential to effective law enforcement. Police employees must be free to exercise their best judgment and to initiate law enforcement action in a reasonable, lawful, and impartial manner. In addition, law enforcement employees are obligated to respect the rights of all people, and the Employer is obligated to respect the rights of its employees.

It is essential public confidence be maintained in the ability of the Employer to investigate and properly adjudicate complaints against its employees. The rights of the employee, as well as those of the public, must be protected.

The parties are committed to resolving internal investigation matters involving members of the Association in a manner that is expeditious, fair, and thorough, and is designed to resolve issues at the lowest possible level.

An investigation based on a complaint must be conducted in an open and fair manner, with the truth as the primary objective. The Employer accepts complaints against any of its employees and fully investigates all such complaints to the appropriate disposition.

The Employer has acknowledged its responsibility by establishing a system of complaint and disciplinary procedures which not only shall subject the employee to corrective action when improper action is evident, but also shall provide procedural protection to all employees throughout all steps of this process.

It is the purpose of these procedures to provide a prompt, just, and open disposition of complaints regarding the conduct of employees of the Des Moines Police Department. To this end, the Employer welcomes constructive and valid criticism of Employer procedures and complaints against its employees from concerned citizens of the community and from employees.

Section 15.1. Internal Investigations

When an internal investigation is being initiated regarding an employee, for an act that could lead to punitive action, including dismissal, demotion, suspension, reduction in salary, written reprimand, or transfer, for purpose of punishment, and because of such investigation he/she is being interrogated, such interrogation shall be conducted under the following terms and conditions:

- A. An internal investigation is defined as a formal inquiry into an allegation that an employee or employees violated a law or a department policy or regulation that is supported by reasonable cause to believe the violation may have occurred as alleged. Preliminary investigations which are conducted to determine if reasonable cause exists to conduct an internal investigation, informal discussions regarding work performance, and meetings to discuss performance evaluations and Personal Action Forms are not internal investigations and not the subject of this Article. Nothing in this Article or agreement prohibits an employee from invoking his or her right to have a representative present during a preliminary investigation, discussion, or meeting if the employee reasonably believes disciplinary action might result.
- B. Any employee who is the subject of an investigation shall be informed, in writing, at least seventy-two (72) hours or 3 business days, before any interview of the following: That the employee is considered a subject of the investigation, at that stage, the nature of the investigation, who is the complainant and/or the victim (unless the employer has reasonable grounds to believe by doing so the complainant and/or victim would be in danger), what allegedly

The employee shall also be afforded an opportunity and facilities to contact and consult with his or her Association representative, and to be represented by the Association representative to the extent permitted by law. The employee under investigation and the Association shall be informed in writing of the nature of the investigation and the person in charge of the investigation, and will be allowed to bring an attorney or Association Representative to represent him/her in the matter when the investigation may involve any discipline up to and/or including termination of the employee.

- C. All interviews shall be limited in scope to activities, circumstances, events, conduct or actions that are the subject of the investigation. If additional information is developed on a subject not related to the initial charge(s), questioning may not commence on the additional information, and the employee and Association shall be notified of additional charges in writing. At the cost of the requesting party and in accordance with Washington State Law, RCW 9.73, the employee or City may request that an investigation interview be recorded, either mechanically or by a stenographer. There can be no "off-the-record" questions. Upon request, the employee under an investigation shall be provided an exact copy of any written statement the employee has signed, or at the employee's expense a verbatim transcript of the interview.
- D. The interview of any employee shall be at a reasonable hour, preferably when the employee is on duty, unless the exigency of the interview dictates otherwise. Interviews shall be completed under circumstances devoid of improper intimidation or coercion. The employee shall be entitled to such reasonable intermissions as the employee shall request for personal necessities, meals, telephone calls, consultation with his/her representative, and rest periods.
- E. If prior to or during an internal investigation interrogation of an employee it is determined he/she may be charged with a criminal offense, he/she shall immediately be informed of his/her constitutional rights;
- F. Employees retain all of their constitutional rights. During an investigation in which an employee has been advised of their Garrity warnings, the employee will be compelled to answer questions directly related to and narrowly focused on the investigation. However, any information gained from the employee cannot be used against that employee in any criminal investigation.
- G. Disciplinary actions may include, but not limited to, the following: verbal warning, written reprimand or written letters of warning, loss of accrued vacation days, suspension, demotion, or discharge. Discipline shall generally be progressive in nature except where the offense warrants higher levels of discipline as determined by the Chief of Police.

The Chief of Police will endeavor to impose discipline in a manner that is least likely to embarrass the employee.
- K. Should any section, subsection, paragraph, sentence, clause or phrase in this article be declared unconstitutional or invalid, for any reason, such decision shall not affect the validity of the remaining portions of this article.
- L. The Association recognizes the administration's effort to improve procedures involving

complaints against its members. In an effort to ensure that these procedures are accomplishing their goals, there will be a review, as needed, of the procedures in a meeting between the Association and the Chief of Police.

An extension on this basis shall require the notification in paragraph 4 below and shall be only for such time necessary to complete the additional investigation but no more than thirty (30) additional days at a time without additional notification. If the reason for the additional time stated in the extension request does not fall under paragraph three (3) above, the extension must be agreed upon by the Employer and the Association.
- D. The Employer shall notify the employee being investigated and the Association of any extension. The notification shall include the following information: (a) when the Employer anticipates completing the investigation, and (b) explanation of the reason for the extension. If the investigation is not completed on the anticipated completion date the notification shall be repeated. An extension on this basis shall be only for such time necessary to complete the additional investigation but no more than thirty (30) additional days at a time without additional notification.
- E. The Employer's obligation to limit extensions of investigations under paragraph 3 shall be subject to the grievance procedure in Article 16, to include arbitration.

If the investigation is not completed within forty five (45) calendars days, and subject to the provisions of paragraph C, and D above no discipline shall be discharged. The original complaint and all the attendant documentation shall be removed from the employee's disciplinary and personnel records. The affected employee and the Association shall be notified in writing of the findings of these investigations within 7 business days, not including weekends, of the completion of the investigation.

Section 15.3. Psychological and Medical Evaluations:

The purpose of this Section is to balance the interest of the Employer in obtaining a psychological and medical evaluation of an employee to determine the employee's fitness for duty and the interest of the employee in having those examinations being conducted, in the least intrusive manner as possible, and in a manner as to protect the employee's right to privacy.

- A. **Conditions Under Which Evaluations Will Take Place:** No evaluation will take place without there being a reasonable suspicion to believe that an employee is psychologically or medically unfit to perform the job. If the employer has facts which provide reasonable suspicion that an employee may be unfit for duty, the employer will bring those facts to the attention of a doctor chosen from a list of doctors previously agreed to by the Employer and the Association. In the event the City and the Association do not reach agreement on an appropriate list, the City may select a doctor of its choosing. The employer may refer the employee to the selected doctor for evaluation. Any relevant medical history of the employee which the examining doctor requests shall be released by the employee only to the examining doctor. Whenever an employee is directly involved in an incident which results in a fatality, the employee will be required to have a psychological assessment and counseling prior to returning to full duty. Employees who are indirectly involved in such fatal incidents are encouraged to seek psychological assessment and counseling. The City will continue to pay for these visits.
- B. **Results of the Evaluation:** The doctor will issue a written report to the employer and the employee. The only information which the doctor may disclose shall be whether the employee is fit or unfit for duty or requires modified work conditions, and the prognosis for recovery. Additionally, where the cause of the unfitness is duty related, the doctor shall disclose that cause. If the doctor believes the employee is fit for duty but needs modified work conditions and/or continued treatment, the doctor will indicate what modifications and/or treatment are necessary and the extent and projected duration of the modification and/or treatment plan. The employee shall follow the prescribed treatment plan. The doctor will keep all data that has been made available to him or her confidential and not release it to any party except the employee. Modified work conditions may include light duty assignments as provided in Section 6.4. Light Duty.
- C. If the employee is referred back to work by the doctor, but the employer still has reasonable suspicion that the employee remains psychologically or medically unfit to perform the job, employer may again refer the employee back to the original evaluating doctor for further

evaluation.

- D. The employer has the right to send a pre-evaluation and/or post-evaluation questionnaire to the doctor listing any expectations, responsibilities and/or concerns the employer may have relating to the employee. The doctor will determine if the employee is capable of fulfilling the expectations and responsibilities outlined and clear up the concerns specified. The doctor shall provide such written determination to the employer prior to the employee's return to full duty.
- E. As used in this section, "doctor" refers to a physician, psychologist or psychiatrist.
- F. This section shall not be interpreted to limit the City's or employee's rights, obligations, or access to information under the rules and regulations applicable pursuant to the Americans with Disabilities Act, Family Medical Leave Act, or Worker's Compensation statutes.
- G. The Association/Employee shall have an opportunity at its expense, to discuss with the Employer's examining professional their conclusion and reasons therefore. If the Employee believes that the conclusions of the examining professional are in error, they may obtain an additional examination at their own expense and the Employer will provide the examining professional with documents which were utilized by the Employer's examining professional. In the event, the Employee and/or Association seek to contest the conclusion of the first examining professional, the Employee's report shall be in writing and shall be available to the Employer. The report shall be kept as confidential medical information and any use outside of the accommodation or fit for duty process shall be subject to a written medical release by the Employee. The Employee shall authorize the second examining professional to respond to reasonable questions clarifying the opinion, at the Employer's expense. Nothing herein prohibits the examining professionals from making safety disclosures required by law.

Should an Employee Grieve a disciplinary or discharge action taken as a result of an examination, the Employer shall allow release of the examination and supporting documents upon which it relies for the action, and all other prior examinations of the Employee.

Should an Employee Grieve a demotion, discharge or other action subject to the Grievance process, taken as a result of an examination, the Employer and Employee shall allow release of all examinations and supporting documents upon which it will rely in the proceedings, and all other prior examinations of the Employee determined to be relevant by the Arbitrator after a confidential review.

- F. During the interview of the employee relating to a critical incident, the employee will be given reasonable breaks and periods to prepare for the interview, and be given the right to consult with legal counsel and /or Association representation prior to and during the interview upon request. If requested, the interview may be postponed until the employee has been able to seek professional counseling before the interview takes place.
- G. If the incident is captured on video, the employee will be allowed to review the video prior to any statement being made unless the investigation has determined possible criminal culpability by the involved employee.
- H. At the option of the Employer (considering input from the affected employee and/or Association Representative), the employee shall be placed on administrative duty or administrative leave. Employees placed on either of these two leaves will revert to a weekly (Monday through Friday) dayshift work schedule for interview and administrative availability.
- I. While on administrative assignment, the employee will be allowed access to the employee's choice of counselors or doctors without loss of pay or benefits to the employee for a reasonable period determined by the employer and under medical coverage plan options.
- J. When either the employee or the Employer believes the employee should return to the employee's regular assignment, at the Employer's option, the employee shall provide documentation from his/her counselor or doctor indicating the employee is fit to return to his/her regular duties or to modified duties. FOR SUBMITTAL:** 

Purpose and Recommendation

The purpose of this agenda item is to request that the City Council approve the attached Letter of Agreement with King County Fire Protection District 39 (dba South King Fire and Rescue) to share a fire rescue boat and to confirm and ratify the City Manager signing the letter to allow the District to apply for a federal government Port Security Grant by the deadline of Monday, April 25, 2016.

Suggested Motions

Motion: "I move to approve the Letter of Agreement with King County Fire Protection District 39 (dba South King Fire and Rescue) and to ratify and confirm the City Manager signing the letter to meet the Port Security Grant application deadline of April 25, 2016."

Background and Discussion

South King Fire and Rescue is applying for a federal government Port Security Grant to replace its aging fire boat. One of the requirements of the grant is that the vessel purchased must be accessible to local law enforcement agencies for a variety of law enforcement activities, including:

- Enforcing local, state, and federal boating laws;
- Monitoring the activities of suspicious individuals along Puget Sound;
- Performing security assessments and patrols within and around the City's marina;
- Providing assistance in maritime drug interdiction;
- Responding to boaters in distress, boating accidents, overdue boaters, and other request for assistance on or near the waters within the City;
- Recovering abandoned or stolen vessels;
- Investigating crimes and collecting evidence from vessels, beaches, or on Puget Sound; and
- Conducting search, rescue, and recovery efforts.

The attached Letter of Agreement provides additional detail and satisfies the requirement that law enforcement have access to the boat. Because the submittal deadline for the grant is Monday, April 25th, the City Manager signed the Letter to make sure that this grant requirement was met.

Alternatives

Council may choose not to approve the Letter of Agreement and ratify and confirm the City Manager's signature. However, not doing so will result in the Districts grant application not meeting the grant requirements.

Financial Impact

The total cost of the boat is \$2.5 million. The Grant requires a twenty-five percent match so the total grant request will be \$1.875 million with South King Fire and Rescue providing a match of \$625,000. The City is not being asked to participate financially in the purchase or operation/maintenance costs of the boat. The Marine Vessel Fee of \$2,500 per year that the District will charge the City can be waived as long as the City provides ongoing training and command support with regards to law enforcement situations to which both agencies normally respond, such as violence response, gang-related incidents, etc. The City and the District will work diligently to make sure this training and command support occurs.

Recommendation

Staff recommends that the City Council approve the Letter of Agreement and confirm and ratify the City Manager's signature.

LETTER OF AGREEMENT

THIS LETTER OF AGREEMENT is made by and between two municipal corporations (hereinafter the "Parties"), King County Fire Protection District 39 (hereinafter the "District") and the City of Des Moines (hereinafter the "City"), and sets forth the Parties' agreement to share a fire rescue boat (hereinafter the "Marine Vessel"), owned and maintained by the District. Because the sharing of this Marine Vessel may enable the Parties to collectively fulfill the mission of providing exceptional emergency medical services and fire protection, and ensuring security during both manmade and natural emergency events, in exchange for the mutual promises contained herein, and other good and valuable consideration, the Parties hereby agree as follows:

The District and the City are currently Parties to a Fire and Emergency Medical Protection Agreement, entered into pursuant to RCW 52.12.031, 35A.11.040 and 39.34.030.

The City is annexed into the District and the District levies a real property tax on all taxable real property located in the City as compensation for the services rendered to the residents and properties of the City.

The City's jurisdiction on Puget Sound incorporates the City limits based upon a 100-foot contour line measured at mean low tide. This is approximately 1/4 mile past the breakwater at the Des Moines marina, 1 mile off shore at Saltwater State Park, and to approximately mid channel in the Redondo area. The City is responsible to mid channel per RCW 35.21.160.

The Marine Vessel shall afford City police officers and officials access to the remote areas of our coast line to ensure the safety and security of our citizens. The District agrees that the Marine Vessel may be applied by the City police in various circumstances, including, but not limited to, enforcing local, state and federal boating laws; monitoring, within the confines of Washington law, the activities of suspicious individuals along Puget Sound; performing security assessments and patrols within and around the City's full service marina which offers wet and dry moorage for 840 recreational vessels; providing escorts and security for designated vessels, waterway tactical assistance, assistance in control of crowds on boats during special events (i.e. Regattas, Power Boat Races and Firework Shows), and providing assistance in maritime drug interdiction; responding to boaters in distress, boating accidents, overdue boaters and other requests for assistance on or near the waters within the City; rendering Mutual Aid assistance with the King County Marine Unit, the Washington State Department of Wildlife and U.S. Coast Guard; conducting safety boat inspections; recovering abandoned or stolen vessels; investigating crimes and collecting evidence from vessels, beaches or on Puget Sound; and conducting search, rescue and recovery efforts.

As compensation to the District for granting the City usage of the Marine Vessel, the City agrees to remit to the District a separate "Marine Vessel Fee" in the amount of \$2,500 annually, commencing in the year 2016. Payments shall be made on a quarterly basis, within 30 days following the quarter covered by such payment. The "Marine Vessel Fee" amount shall be subject to annual adjustment (i.e. increase or decrease) by a percentage equal to the increase/decrease in the City's annual levied general property tax. However, the Marine Vessel

Fee may be waived by the Parties, so long as the City agrees to provide ongoing training and command support relative to coordinated emergency scenes to which both Parties would normally respond, including, but not limited to, violence responses, gang-related incidents, and other joint emergency operations. Such ongoing training and command support shall furnish the necessary consideration for the District furnishing the Marine Vessel described herein.

South King Fire and Rescue Owner shall indemnify, defend, and hold harmless the City of Des Moines, its officers, agents and employees, from and against any and all claims, actions, suits, liability, loss, costs, expenses, and damages of any nature whatsoever, including costs and attorneys' fees in defense thereof, for injuries, sickness or death of persons (including employees of South King Fire and Rescue), or damage to property, or the violation of any person's civil rights, which is caused by or arises out of South King Fire and Rescue's acts, errors or omissions with respect to the subject matter of this agreement.

The City of Des Moines shall indemnify, defend, and hold harmless South King Fire and Rescue, its officers, agents and employees, from and against any and all claims, actions, suits, liability, loss, costs, expenses, and damages of any nature whatsoever, including costs and attorneys' fees in defense thereof, for injuries, sickness or death or persons (including employees of the City of Des Moines), or damage to property, or the violation of any person's civil rights, which is caused by or arises out of City of Des Moines' acts, errors or omissions with respect to the subject matter of this agreement.

The separate statutory duties of the Parties are owed to the public generally and by entering into this Letter of Agreement, neither Party owes a special duty to the other. Each Party shall be responsible for its own personal property and personnel utilized on the Marine Vessel.

The Parties further agree that the Marine Vessel shall not be used for any purposes other than those necessary for the provision of emergency medical services and fire protection, and ensuring the safety and security of our citizens.

This Letter of Agreement may be terminated by either party within 30-days written notice to the undersigned individuals.

This Letter of Agreement will be in effect when signed.

In WITNESS hereof, the Parties hereto have set their hands this 21ST day of April, 2016.

Purpose and Recommendation

The purpose of this agenda item is to provide the City Council an opportunity to discuss and create a Citizens Advisory Council

Suggested Motions

Motion 1: “I move to suspend Council Rule 26(a) in order to enact Draft Ordinance No. 16-048 on first reading.”

Motion 2: “I move to enact Draft Ordinance No. 16-048 relating to the creation of a Citizens Advisory Council and adding a new chapter to Title 4 of the Des Moines Municipal Code.”

Alternate Motion: “I move to pass Draft Ordinance No. 16-048 to a second reading on _____ or as soon thereafter as the matter may be heard.”

Background

At its annual strategic planning meeting for 2016, the City Council retained from the 2015 short term strategic objects creation of a communications plan. Council added under the area of processes it would like to discuss in 2016 a discussion of neighborhood advisory committee/community engagement.

Per Council direction, staff put together a draft communications plan and included as one of the plan's strategies creation of a neighborhood advisory committee or citizens advisory council. The plan was presented to the Council on January 7th and again on March 31st. Council provided input on the various elements and strategies in the plan, including creation of a Citizens Advisory Council and directed staff to put together a draft ordinance to create one.

Staff researched how other cities have created citizens advisory groups and found two good examples in the City of Tacoma and the City of Spokane. Draft Ordinance No 16-048 is patterned after parts of the City of Tacoma ordinance and includes elements from the Des Moines Municipal Code that outline the duties and responsibilities of other Des Moines appointed committees, such as the Senior Services Advisory Committee, the Human Services Advisory Committee, and the Arts Commission.

At the April 14th City Council meeting, staff distributed Draft Ordinance No. 16-048 and asked for Council's thoughts. After a brief discussion, staff was directed to place the ordinance on the April 28th City Council meeting agenda for a full discussion.

Discussion

Draft Ordinance No. 16-048 creates a Citizens Advisory Council. The ordinance outlines composition of the Council, the length of terms for its members, its duties, how often it meets, and how it reports to City Council. In particular, staff suggests that the City Council consider the following questions as it thinks about and discusses the ordinance:

1. Is the name appropriate? Using the term "council" in the name could confuse the community and cause the Citizens Advisory Council to be mistaken for the City Council. Also, "council" may give the impression that this new appointed committee has some sort of authority or powers beyond that of making recommendations to the City Council.
2. Is the number of members and the composition appropriate? At the April 14th City Council meeting, there was brief discussion of the composition, particularly with regards to the number of business representatives. Should there be more business representation?
3. Is the length of term appropriate? The draft ordinance provides for two-year terms and does not say that members can serve more than two consecutive terms. Here are the terms for other appointed committees:
 - a. Civil Service Commission – six years
 - b. Senior Services Advisory Committee – four-years
 - c. Human Services Advisory Committee – two years
 - d. Arts Commission – three years

- e. Lodging Tax Advisory Committee – no set terms. Per DMMC 4.52.020(5), “The mayor and city council shall review the membership of the advisory committee annually and make changes as appropriate.”
- 4. Are the scope of duties adequate? Should more be added? Should any of those listed be removed?
- 5. The Citizens Advisory Council is required to meet three times per year. Is this adequate?
- 6. Should there be more detail in Section 9 of the ordinance regarding reports to the City Council?
- 7. Should the Citizens Advisory Council be exempt from any of the provisions of DMMC 4.24 Appointive Committees – General Provisions, in particular the requirement that no person can serve more than two consecutive terms and allowing City employees who live in Des Moines to serve (thus waiving the conflict of interest provision)?

Alternatives

Council may choose to adopt Draft Ordinance 16-048 as submitted, adopt it as submitted, or choose not to adopt it at all.

Financial Impact

The financial impact is difficult to estimate because the amount of support required is unknown at this point, particularly because the number of meetings that will be held, how long they will be, how much information and presentation that will need to be created or given to the Council is unknown. There will be additional staff time needed to support the Council, but the vast majority of this support will be provided by exempt staff.

SOUND TRANSIT 3 DRAFT PLAN PROJECTS BY AREA

North Corridor

Link Light Rail

- Extends the Lynnwood Link extension that is on track for 2023 completion northward from Lynnwood to downtown Everett via I-5, SW Everett Industrial Center, and Evergreen Way, with up to eight (6 plus 2 provisional) new stations. Riders could travel from Everett to downtown Seattle (Westlake Station) in 59 minutes. Trains would run every six minutes in peak commute hours, with more frequent service south of Mariner park-and-ride.
- New light rail stations would serve the areas of West Alderwood Mall, Ash Way, Mariner, SR 99 (provisional), Southwest Everett Industrial Center, Evergreen, Northern Evergreen (provisional), and the area of the existing Everett Station, with parking investments at Mariner and Everett Stations.
- Funds a study of a potential future extension of light rail from downtown Everett to Everett Community College.

Sounder North Commuter Rail

- Constructs new parking in Edmonds and Mukilteo as early deliverables.

East Corridor

Link Light Rail

- Extends the East Link light rail line that is on track for 2023 completion, from Redmond's Overlake area to a new station with parking serving Southeast Redmond, continuing to downtown Redmond. Riders could travel from Seattle to downtown Redmond in 42 minutes. Trains would run every six minutes in peak commute hours.
- Establishes a new Eastside light rail line, reaching eastward from the southern edge of downtown Bellevue — with a connection via East Link to Seattle or Redmond and I-405 BRT — to Eastgate and Issaquah. Up to four new Eastside light rail stations would serve the areas of Richards Road, Eastgate near Bellevue College, Lakemont (provisional station), and Central Issaquah, with a parking facility in Central Issaquah.

Riders could travel from downtown Bellevue to Central Issaquah in 17 minutes. Trains would run every six minutes in peak commute hours.

- Funds a study with Kirkland and other partners along the Eastside Rail Corridor between Bothell and Bellevue to complete environmental review for a potential future high-capacity transit line, while providing Kirkland-area residents with expanded near-term transit connections via access to I-405 BRT in Central Kirkland (see BRT section on reverse).

Central Corridor

Link Light Rail

- Extends grade-separated light rail service from downtown Seattle to West Seattle with new stations serving the stadiums, SODO, Delridge, Avalon and Alaska Junction areas. Riders could travel from downtown Seattle (Westlake Station) to the West Seattle Junction in 17 minutes. Trains would run every six minutes in peak commute hours.
- Extends grade-separated light rail to Ballard with a new tunnel through downtown Seattle, with stations in the areas of Midtown, Denny, South Lake Union, Seattle Center, Smith Cove and Interbay. Riders could travel from downtown Seattle (Westlake Station) to Ballard in 12 minutes. Trains would run every six minutes in peak commute hours.
- Adds new stations to the existing Link line at Graham Street and the Boeing Access Road.
- Funds studies of potential future high-capacity transit investments to link West Seattle with Burien, as well as Ballard with UW and Redmond.

Light rail then continues farther south through Pierce County connecting with the major transit hub at the Tacoma Dome, including a new station in East Tacoma and a new station with parking in Fife.

- Riders will be able to travel between the Tacoma Dome and the Federal Way Transit Center in 19 minutes, and from the Federal Way Transit Center to downtown Seattle (Westlake Station) in 49 minutes. Trains would run every six minutes in peak commute hours.
- Further expands the popular Tacoma Link extension to reach Tacoma Community College, with six stations. The project would follow the current Tacoma Link expansion project to MLK Avenue that is on track to start construction in 2018.

Sounder South Commuter Rail

- Analysis and partner coordination prior to the adoption of a final ST3 measure will determine the most effective south corridor capital investments to serve more riders, including potential lengthening platforms for longer trains, and/or potential investments in tandem with BNSF to enable running more trains on an extended schedule.
- Extends Sounder South service from Lakewood to a new station at DuPont, with a station and parking facility at Tillicum, to help serve Joint Base Lewis/McChord.
- Increases parking and/or establishes other accessibility improvements in the south corridor at Tukwila, Kent, Auburn, Sumner, Puyallup, Tacoma, South Tacoma, and Lakewood stations.
- Funds a study to explore future South Sounder connections to Orting.

South Corridor

Link Light Rail

- Extends grade-separated light rail in South King County from Kent/Des Moines that is on track for 2023 completion to Federal Way, with three stations in Federal Way, including parking structures at South 272nd and South Federal Way and access to the existing Federal Way Transit Center.

Bus Service Capital Improvements

- Provides a capital contribution to improve bus speed, reliability and convenience along Pacific Avenue in Tacoma.
- Provides capital improvements to facilitate the efficient flow of new and expanded bus connections between cities in East Pierce County and the Sumner Sounder Station.

East, North and South Corridors

Bus Rapid Transit (BRT)

- Establishes BRT service from Lynnwood to Tukwila International Boulevard light rail station on I-405, and to the Burien Transit Center in new business access/transit (BAT) lanes on SR 518.
- New stations with parking would be built in the areas of Northeast 85th Street in Kirkland and South Renton. Other stations would serve Lynnwood, Canyon Park, UW Bothell, Central Kirkland, Downtown Bellevue, Tukwila International Boulevard Station, and Burien.
- BRT service on SR 522 and Northeast 145th Street would connect riders with the future Link light rail station on I-5 as well as future I-405 BRT service, substantially improving transit options for residents of the Lake Forest Park, Kenmore, Bothell and Woodinville areas. Additional parking would be constructed at Lake Forest Park, Kenmore and Bothell.

- Access by Kirkland residents to the system would be facilitated by a Central Kirkland inline BRT station along I-405 at Northeast 85th street. New bus-only lanes on Northeast 85th Street would provide a connection for riders from I-405 to the Kirkland Transit Center.

Region-wide

ST Express

- Sound Transit's regional bus system, which led the nation in number of Commuter Bus boardings for 2015, will continue to build ridership in key long distance corridors where light rail is planned for the future. The ST3 Draft Plan funds 600,000 annual ST Express hours, beyond BRT hours on the system.

Other Draft Plan Elements

Multi-modal Access

The ST3 Draft Plan enhances Sound Transit's customer access to stations. It includes funding at each station for improved access to the system, tailored to the geography, land use and population and employment density surrounding each rail station. Sound Transit is committed to providing access to the regional transit system by any mode -- non-motorized (bike and walking), transit connections with local partner services, pick-up & drop-off, and parking where appropriate. The plan includes a funding program for these improvements.

Transit-oriented Development and Affordable Housing

Transit does more than move people from place to place. Well-coordinated transit and zoning supports transit-oriented development (TOD), resulting in residential and commercial neighborhoods that are compact, efficient, diverse and walkable. The ST3 Draft Plan targets resources toward coordinated planning with cities and counties to promote development of affordable housing near stations.

Operations and Maintenance Facilities for bus and rail

The new bus and rail lines provided under ST3 will include new maintenance facilities located strategically around the region to ensure efficient system operations. During environmental review prior to final project decisions, Sound Transit will work with cities and counties to determine the most appropriate locations for these essential facilities.

Innovation Fund

The ST3 Draft Plan includes funds to develop new transit technologies to:

- improve rider information and fare payment;
- study impact of connected vehicle and driverless vehicle technologies;
- build partnerships with public and private mobility service providers such as bikeshare, carshare, rideshare, and shuttle services;
- increase data analysis and research to identify and solve barriers to transit use;
- develop transportation demand management strategies to increase system ridership.

METRO CONNECTS

King County Metro's
long-range vision

More Service

Expanded service to more customers with the next generation of RapidRide, new all-day express service, and flexible local service options.

More Choices

Innovative solutions that make transit work for anyone, any time, any place.
A future where there's always a good travel option.

One System

Better connections throughout our region, including more bike and pedestrian paths, parking, and new transit centers.

Draft Long-Range Plan Summary | Spring 2016

A shared vision

More service, more choices, one system

The opening of the new Link light rail stations at Capitol Hill and the University of Washington—with more frequent Metro bus service connecting more neighborhoods to high-capacity transit—is a tangible example of how we are creating a seamless transportation system that gives more people more choices to get to more places on time.

It's a preview of the future of transportation in King County, and the draft long-range plan—**METRO CONNECTS**—is how we will get there.

This proposed plan is intended to be our atlas as we create an integrated transportation system that connects people to opportunity, protects our environment, and knits together our growing cities.

Decades of innovation at Metro give us a strong foundation to build on, including the highly successful RapidRide lines, one of the greenest bus fleets in the United States, the ORCA card system that has made fare payment more efficient and convenient, and the nation's leading low-income fare program, ORCA LIFT.

The draft plan is shaped by input we received from passengers, King County cities, Sound Transit and other transportation agencies, businesses and other stakeholders—all working together to achieve a shared vision of better mobility in our region.

I invite you to review this summary of the draft plan and to share your thoughts on our website, kcmetrovision.org, and at upcoming public meetings as we finalize the plan.

Together, we will turn that vision into reality.

Why now?

King County has urgent needs and exciting possibilities:

Accommodate growth. Our region is growing every year, with one million more people and 850,000 more jobs expected by 2040. Transit will help make the best use of our limited roadways so we can all get around King County better.

Meet increasing demand. More older people are relying on transit and more younger people are choosing it. Metro can serve both ends of the spectrum and everyone in between.

Promote equity and social justice. While many people in King County are prospering, one in four people are living in poverty or near-poverty. Metro will work to remove barriers that limit the ability of some to fulfill their potential. An example is the innovative ORCA LIFT low-income fare program that Metro introduced in 2015.

Connect people to Link. As Sound Transit continues to expand the regional transit system, Metro will provide critical connections to Link stations and other regional services.

Reduce emissions. Climate change presents long-term challenges to the health and safety of King County's people, economy, and environment. Transit is our best tool for reducing transportation-based emissions.

Adopt emerging technologies. Rapid technological changes in communications, fare payment, and vehicles can benefit our customers and community.

Explore the future we envision

What makes a transit system great?

Frequent, reliable and fast service. Connections to the places you want to go. Easy to use no matter who you are or where you're going. Customer-friendly vehicles, drivers, stops, information and assistance. Cleanliness and safety. Service that works, all day, every day.

We'll measure our progress and report to the public.

Our online Accountability Center is a one-stop shop for detailed information on how we're doing. Look for Metro's annual progress report and new performance indicators and data tracking systems.

www.kingcounty.gov/metro/accountability

Metro's vision is to help our region build a world-class transit system that embodies these characteristics. We imagine a system of transportation choices that move people farther, faster and more reliably to the places they want to go, with ease, comfort and safety.

How will transit service be different for our customers? You'll have up-to-the-minute information about your travel options before you head out the door. You'll move quickly on an integrated system of services: a "show up and go" network of frequent buses, limited-stop express service all day, local and flexible services, and an array of innovative options for first- and last-mile travel. All aspects of the system will be designed to accommodate our customers' needs.

Our long-range plan sets the stage for the work that lies ahead. We'll start making improvements as soon as we can, and continue expanding the transit system incrementally over the next 25 years, working in collaboration with local governments. The timeline will be affected by local development, changes to the street network, and the buildout of Sound Transit's regional transit network. Completing this vision will require investment beyond our existing resources; we will continue to update financial projections, support regional solutions, and develop detailed implementation plans.

METRO CONNECTS is designed to support the growing number of people living and working in King County—and that means a dramatic expansion of service. To make sure our service provides the most benefits possible, we followed these principles in our plan:

Collaborate. Our vision grew out of a highly collaborative process that engaged our riders, King County cities, Sound Transit and other transportation agencies, employers, and others. Ongoing cooperation will ensure we make improvements the region needs.

Connect to Link. As Sound Transit extends Link, Metro will design service in those areas to feed into light-rail stations.

Serve more types of trips. If you're going to count on transit, it has to work for all types of trips—beyond going to work and school. Transit should be easy to use for errands, entertainment, visiting friends, and more. Future service will be there when you need it, starting earlier, ending later, and running all day.

Meet today's needs and future growth. Provide more service where it's needed today, and work with our cities and partners to make sure we can accommodate growth in a way that meets local priorities.

Allow flexibility. Expand our services to include options that are more accessible, meet local and individual needs, and take advantage of advances in technology to give customers the right tools for every trip.

The pages that follow summarize the proposed Metro service enhancements you can look forward to in the decades ahead. For more details, go to kcmetrovision.org

In **LOW-INCOME** and **MINORITY** areas, **85%** of residents & **75%** of jobs will be close to frequent transit service—and the opportunities it brings.

The share of commuters who take transit grows from 14% to **24%.**

Take **300,000** cars off the road every weekday, helping King County meet **EMISSIONS REDUCTION** goals.

The service network

The proposed network will deliver more service, more often, to more places.

Frequent

We'll offer frequent service within a half mile of 70 percent of the county's population. With service that comes every 5 to 15 minutes or better all day, you'll be able to just show up and go.

We plan to add 20 new RapidRide lines, connecting the county with 300 miles of new and upgraded RapidRide service.

Express

Metro will operate all-day, limited-stop express buses that arrive every 15 to 30 minutes or better throughout the day. Express buses will connect centers where many people live and work across King County.

Local

"One size fits all" doesn't work in our diverse county. Recognizing unique local needs, we'll work with community members to put in place the right type of transit or alternative service. These services will allow users to get around locally, connect to the network, or travel the last mile home.

Examples of how far you can go...

The travel sheds shown on the maps above include walking time, average amount of time waiting for the bus (assumed to be half the frequency), travel time, and any transfer time between buses.

The starting point for each example is: downtown Ballard—15th Ave NW and NW Market St; Overlake Transit Center—NE 40th St and 156th Ave NE; Highline College—S 240th St and Pacific Hwy S.

Count on Metro

While our investments will make all of our services faster and more on-time, we'll focus the highest levels of investment where service is most frequent and roads are most congested.

Improvements that help buses run faster and stay on schedule are some of the best investments Metro can make.

They make our service better for customers, attract new riders, and save long-term operating costs, freeing up funds for new service. Because they save us time, these investments actually pay for themselves.

METRO CONNECTS proposes to significantly expand resources to keep buses moving through growing congestion. Over the next 25 years Metro will create strong partnerships with cities and stakeholders to build transit priority features on 600 miles of transit corridors. These investments will help all types of transit—RapidRide, frequent, express and local.

RapidRide corridors exemplify the kind of improvements that help buses keep moving. These include bus lanes, transit signal priority, and ORCA readers that let customers pay before boarding and get on at any door.

More choices for many needs

Every Metro customer has different travel needs. To meet them, we're planning to significantly expand the range of travel options we offer, complementing regular bus service.

We'll continue to develop convenient choices through flexible transit and new, cutting edge innovations. We'll also work to make sure that any service we operate considers special mobility needs and is designed for accessibility.

To fulfill this vision we'll work with local communities and with public and private transportation providers. We'll explore alternative transportation options, programs that encourage travel choices, and new choices that will emerge with rapidly changing technology. We'll pay particular attention to how new services work together to provide the most mobility and value.

What we'll do:

- Increase the proportion of local service planned through our flexible transit program.
- Practice inclusion planning to ensure we provide fair treatment, access, and opportunity for everyone we serve. We'll work to make general public transit service more accessible, and find better and more cost-effective ways to provide ADA-paratransit service.
- Grow our research and development function to study and pilot new products.
- Make it easier to move between Metro and other transportation providers—for example, co-locating transit with a carshare or bikeshare system, or integrating payment.
- Increase the number of small employers and property owners who provide ORCA cards to employees and renters to further increase Metro's highly successful ORCA Passport program.

Metro is an innovator. We've led the way with our hybrid articulated buses, vanpool program, wheelchair lifts and bike racks on buses, employer passes, and a pilot project that gives Lyft or Uber vouchers for emergency rides.

Our flexible transit program will use new technology to provide on-demand transit, and will develop products for low-income and minority communities.

One system, easy to use

We want you to have a positive experience from beginning to end whenever you use Metro's services. That means designing simple and smart—everything from information about your trip, ways to go to and from Metro service, and facilities and programs that make moving about the system pleasant and safe.

We're planning to improve all aspects of the transit system to make your ride with us—and your life—simpler and easier.

What we'll do:

- Deliver real-time information to more customers about more things, such as bus arrivals, seat availability, delays and reroutes.
- Enhance wayfinding throughout the system and improve tactile and auditory information.
- Make it easier to walk and bike to transit by investing with partners—together funding hundreds of miles of new trails and paths, sidewalks, and bicycle parking facilities at transit hubs around King County.
- Make the best use of our park-and-rides to maximize ridership through strategies such as parking permits, paid parking and real-time parking availability information.
- Work with Sound Transit and other partners to increase park-and-ride capacity by up to 50 percent by 2040.
- Improve customer comfort and safety by investing in 4,500 accessible bus stops, shelters, stations and transit centers.
- Making boarding easier and faster.

What we need to succeed

What will it take to make our transit vision a reality? Metro will work with private and public partners at the local, regional, state, and federal levels to make physical improvements to support increased transit service and give the public good access to transit.

Metro engaged all cities in King County in planning a transit service network that reflects cities' plans for the future. We're building consensus about our vision.

METRO CONNECTS will be a living document that we update every six years. In the meantime, we'll work with cities, stakeholders and the public to develop short-term plans to achieve the long-range vision. Our planning will bring together the near-term needs identified in our annual Service Guidelines analysis with the long-range vision, and provide greater clarity about when to make changes. This process will allow cities' and Metro's improvements to happen concurrently, supporting the success of one another. Factors that may influence service changes include the type and location of new population and job growth as well as the presence of transit-supportive infrastructure.

Investing together

The transit system we envision will require substantial investments in service and capital. Metro can't do it alone. Therefore, we will work to identify possible funding sources including federal, state, and local options. We'll strengthen partnerships with cities, stakeholders, and Sound Transit, and specifically we will work with all our partners to ensure:

- Metro's services are integrated with Sound Transit's light rail, bus rapid transit and regional express buses.
- Transit centers, park-and-rides, stations and other facilities are appropriately sized and are a good fit for their communities.
- Transit service complements locally planned development and connects more people to more places more often.

The nuts and bolts

This vision is expansive, and we'll need to do a lot of work behind the scenes to get it done. We'll need:

- 2 or 3 more bus operating and maintenance bases.
- Fleet expansion and replacement.
- Replacement trolley infrastructure and construction of new connections to support future service.
- Staffing and training for a growing and engaged workforce, including drivers, customer service agents, skilled mechanics, field supervisors, and more.
- An expanded Transit Control Center that coordinates service and responds quickly to events.
- Safety, maintenance, and incident-response infrastructure.

East, North and South Corridors

Bus Rapid Transit (BRT)

- Establishes BRT service from Lynnwood to Tukwila International Boulevard light rail station on I-405 and SR 518, continuing to the Burien Transit Center in new bus-only lanes.
- New parking garages are planned at Kingsgate/Totem Lake and South Renton.
- A new freeway station is included at NE 85th Street in Central Kirkland and a new transit center in South Renton. The BRT service will connect with existing freeway stops and transit centers in Lynnwood, Canyon Park, UW Bothell, Brickyard, Kingsgate/Totem Lake, Downtown Bellevue, Tukwila International Boulevard Station and Burien.
- Access by Kirkland residents to the system would be facilitated by the new Central Kirkland BRT freeway station along I-405. New bus-only lanes on NE 85th Street between I-405 and NE 6th would improve bus speed on NE 85th Street to the Kirkland Transit Center.

- BRT service on SR 522 and NE 145th Street would connect riders with the future Link light rail station on I-5 as well as planned I-405 BRT service, substantially improving transit options for residents of the Lake Forest Park, Kenmore, Bothell and Woodinville areas. Additional parking would be constructed at Lake Forest Park, Kenmore and Bothell.

Region-wide

ST Express

- Sound Transit's regional bus system, which led the nation in number of Commuter Bus boardings for 2015 will build ridership in key long distance corridors. ST3 would fund approximately 600,000 annual hours to continue providing interim express bus service in future HCT corridors.

Other Draft Plan Elements

Multi-modal Access

The ST3 Draft Plan enhances Sound Transit's customer access to stations. It includes funding at each station for improved access to the system, tailored to the geography, land use and population and employment density surrounding each rail station. Sound Transit is committed to providing multi-modal access to the regional transit system: non-motorized (bike and walking), transit connections with local partner services, pick-up & drop-off, and parking where appropriate. The plan includes a funding program for these improvements.

Transit-oriented Development and Affordable Housing

Transit does more than move people from place to place. Well-coordinated transit and zoning supports transit-oriented development (TOD), resulting in residential and commercial neighborhoods that are compact, efficient, diverse and walkable. The ST3 Draft Plan targets resources toward coordinated planning with cities and counties to promote development of affordable housing near stations.

Operations and Maintenance Facilities for Bus and Rail

The new bus and rail lines provided under ST3 will include new maintenance facilities located strategically around the region to ensure efficient system operations. During environmental review prior to final project decisions, Sound Transit will work with cities and counties to determine the most appropriate locations for these essential facilities.

Innovation Fund

The ST3 Draft Plan includes funds to develop new transit technologies to:

- improve rider information and fare payment;
- study impact of connected vehicle and driverless vehicle technologies;
- build partnerships with public and private mobility service providers such as bikeshare, carshare, rideshare, and shuttle services;
- increase data analysis and research to identify and solve barriers to transit use;
- develop transportation demand management strategies to increase system ridership.

- Riders will be able to travel between the Tacoma Dome and the Federal Way Transit Center in 19 minutes, and from the Federal Way Transit Center to downtown Seattle (Westlake Station) in 49 minutes. Trains would run every six minutes in peak commute hours.
- Further expands Tacoma Link extension to reach Tacoma Community College, with six stations. The project would follow the current Tacoma Link expansion project to MLK Avenue that is on track to start construction in 2018.

Sounder South Commuter Rail

- Analysis and partner coordination prior to the adoption of a final ST3 measure will determine the most effective south corridor capital investments to serve more riders, including potential lengthening platforms for longer trains, and/or potential investments in tandem with BNSF to enable running more trains on an extended schedule.

East, North and South Corridors

Bus Rapid Transit (BRT)

- Establishes BRT service from Lynnwood to Tukwila International Boulevard light rail station on I-405, and to the Burien Transit Center in new business access/transit (BAT) lanes on SR 518.
- New stations with parking would be built in the areas of Northeast 85th Street in Kirkland and South Renton. Other stations would serve Lynnwood, Canyon Park, UW Bothell, Central Kirkland, Downtown Bellevue, Tukwila International Boulevard Station, and Burien.
- BRT service on SR 522 and Northeast 145th Street would connect riders with the future Link light rail station on I-5 as well as future I-405 BRT service, substantially improving transit options for residents of the Lake Forest Park, Kenmore, Bothell and Woodinville areas. Additional parking would be constructed at Lake Forest Park, Kenmore and Bothell.

- Access by Kirkland residents to the system would be facilitated by a Central Kirkland inline BRT station along I-405 at Northeast 85th street. New bus-only lanes on Northeast 85th Street would provide a connection for riders from I-405 to the Kirkland Transit Center.

Region-wide

ST Express

- Sound Transit's regional bus system, which led the nation in number of Commuter Bus boardings for 2015, will continue to build ridership in key long distance corridors where light rail is planned for the future. The ST3 Draft Plan funds 600,000 annual ST Express hours, beyond BRT hours on the system.

Other Draft Plan Elements

Multi-modal Access

The ST3 Draft Plan enhances Sound Transit's customer access to stations. It includes funding at each station for improved access to the system, tailored to the geography, land use and population and employment density surrounding each rail station. Sound Transit is committed to providing access to the regional transit system by any mode -- non-motorized (bike and walking), transit connections with local partner services, pick-up & drop-off, and parking where appropriate. The plan includes a funding program for these improvements.

Transit-oriented Development and Affordable Housing

Transit does more than move people from place to place. Well-coordinated transit and zoning supports transit-oriented development (TOD), resulting in residential and commercial neighborhoods that are compact, efficient, diverse and walkable. The ST3 Draft Plan targets resources toward coordinated planning with cities and counties to promote development of affordable housing near stations.

Operations and Maintenance Facilities for bus and rail

The new bus and rail lines provided under ST3 will include new maintenance facilities located strategically around the region to ensure efficient system operations. During environmental review prior to final project decisions, Sound Transit will work with cities and counties to determine the most appropriate locations for these essential facilities.

Innovation Fund

The ST3 Draft Plan includes funds to develop new transit technologies to:

- improve rider information and fare payment;
- study impact of connected vehicle and driverless vehicle technologies;
- build partnerships with public and private mobility service providers such as bikeshare, carshare, rideshare, and shuttle services;
- increase data analysis and research to identify and solve barriers to transit use;
- develop transportation demand management strategies to increase system ridership.

A property tax increase of 25 cents for each \$1,000 of assessed valuation (\$100 annually for a \$400,000 house)

INTEGRATING REGIONAL AND LOCAL SERVICES

Sound Transit is coordinating its service planning with local transit agencies to extend the reach and frequency of transit services throughout the region. Each new rail station in the ST3 draft plan provides bus-rail and BRT transfer facilities to make customer connections easy and convenient.

PROTECTING THE ENVIRONMENT

Regionally, transportation is the largest source of the air pollution that causes global warming. Transit helps lower pollution by providing low carbon transportation alternatives, reducing the number of vehicles on the road and supporting community development that reinforces smart regional land use goals. Transit also strengthens our region's public health by reducing the harmful pollutants that cause serious respiratory illnesses such as asthma.

In addition to early BRT investments, other projects include proposed operation of existing bus routes on the shoulders of I-5, I-405, SR 518 and SR 167; capital investments for improved RapidRide bus service along King County Metro's C and D lines and on Tacoma's Pacific Avenue, and between East Pierce County and the Sumner Sounder Station; and parking expansions at the Edmonds and Mukilteo Sounder stations.

PROJECT DELIVERY TIMELINES

The ST3 Draft Plan outlines a bold and comprehensive series of investments that would be delivered in steady succession over 25 years, with major projects coming on line every three to five years, including a total of more than 50 new rail and BRT stations.

A PLAN TO KEEP OUR REGION MOVING

The Sound Transit 3 Draft Plan is a 25-year plan to expand mass transit in the Puget Sound region. The draft plan builds upon the existing Sound Transit system that is setting ridership records year after year.

Builds 58 miles of light rail, connecting major urban centers from **Everett to Tacoma** and from **Ballard and West Seattle to Redmond and Issaquah**.

Improves access to transit service by building **new parking spaces**, and **more miles of bicycle and pedestrian trails and sidewalks**.

Establishes bus rapid transit (BRT) service on SR 522 from Woodinville to Shoreline, and I-405/SR 518 all the way from Lynnwood to Burien, with buses every 10 minutes in peak hours.

Establishes an early deliverables program to provide **mobility improvements in key corridors** while longer-term projects are planned and constructed.

Extends the **Sounder South line** from Lakewood to DuPont to serve Joint Base Lewis/McChord and **builds additional parking and access improvements at Sounder stations**.

1,000 NEW NEIGHBORS EVERY WEEK

Last year, our region added 52,000 people¹ and an estimated 41,000 cars². In the next 25 years our population is estimated to grow by one million people.

With this growth, more people are competing for limited road space, dramatically increasing travel time – and travel headaches. Hours of delay on the central Puget Sound region's freeways increased by 95% between 2010 and 2015³ – that meant people were spending almost twice as much time stuck in traffic.
