

DES MOINES CITY COUNCIL
ENVIRONMENT COMMITTEE MEETING

MINUTES

April 9, 1996

The Environment Committee meeting convened at 7:00 p.m. in the City Hall Conference Room, 21630 11th Avenue South.

Present: Councilmember Bruce Roberts and Mayor Scott Thomasson. Also present were Planning Manager Corbitt Loch, and Chamber of Commerce Representative Mike Regeimbal.

Topic: Draft Ordinance No. 96-002, Regulatory Reform

A majority of the meeting was devoted to discussion of specific code language. Numerous refinements were suggested by the Committee. Staff indicated that additional research was required regarding vesting and date of decision statutes.

The Committee directed that the Draft Ordinance be revised to: 1) remove right-of-way use permits from the proposed process; 2) allow open record appeal of hearing examiner decisions to the city council for non-land use issues.

It was agreed that one or two additional Committee meetings would be required. The next meeting of the Committee was scheduled for 7:00 p.m., April 23, 1996. The Committee asked staff to schedule the public hearing before the City Council for May 23, 1996.

Adjournment

The meeting was adjourned at approximately 9:00 p.m.

Submitted by,

Corbitt Loch
Planning Manager
