

DES MOINES CITY COUNCIL
ENVIRONMENT COMMITTEE MEETING

MINUTES

May 7, 1996

The Environment Committee meeting convened at 7:00 p.m. in the City Hall Conference Room, 21630 11th Avenue South.

Present: Councilmember Bruce Roberts and Mayor Scott Thomasson. Also present were planning manager Corbitt Loch and city attorney Gary McLean.

Topic: Draft Ordinance No. 96-002, Regulatory Reform

A majority of the meeting was devoted to discussion of the seventh draft of the Draft Ordinance. Staff was directed to amend existing and new vesting and filing statutes as necessary to establish consistency with case law. It was agreed that the date of filing would be the conclusion of the comment period, and that the date of vesting would be the date of complete application. The committee suggested other refinements to the ordinance and directed staff to prepare an eighth draft for presentation to the City Council on May 23, 1996. The committee suggested that the process diagrams and the ordinance summary be included in the public hearing packet.

It was agreed that the Committee's work on the Draft Ordinance was complete, and that no additional meetings on this topic were necessary.

Adjournment

The meeting was adjourned at 8:00 p.m.

Submitted by,

Corbitt Loch
Planning Manager
