2. School Zone Speed Enforcement: Bob Bohl reported that the Midway/Pacific School Zone Speed Enforcement Program went live in November of 2012 with warnings only being sent out through the end of the year. He explained that pre-photo enforcement, that location averaged 100 speeding vehicles per day. Since fines went into effect on January 2013, that number has dropped to about 181 citations per month being issued, or an average of nine (9) tickets per day.

The Committee asked Bob to come to the 10/10/2013 Council meeting to provide an update to the Council on the School Zone Speed Enforcement Program.

3. Marijuana Regulation Update: ACA Tim George informed the Committee on the updated timeline for implementation of the WSLCB's rules. The rules will be adopted on October 16th and go into effect on November 15th. An updated map was presented demonstrating potential locations for marijuana licenses based on the WSLCB's 1,000 foot rule. The possibility of additional City zoning regulations was discussed and the Committee directed staff to prepare an ordinance requiring any prospective licensee to

comply with the WSLBC rules and to limit retail stores to eligible properties along Pacific Highway South, south of Kent-Des Moines Road, and producers and processors to eligible properties in the BP zone north of South 216th Street, and to eligible properties along Pacific Highway South, south of Kent-Des Moines Road.

4. 2014 Transportation CIP Update: Brandon Carver updated the Committee with the CIP projects completed in 2013 which included the North Twin Bridge improvements, the MVD Crosswalk Improvements Phase 1 – (219th, 220th & 226th) and the North Hill School Zone Flashing Beacons. He then listed the 10 draft 2014 CIP Transportation Projects that are funded and suggested six potential projects that could be paid for using CIP project savings. Staff is scheduled to bring forward the Transportation CIP to the full Council on November 7, 2013.
5. Sound Transit Planning Update: Consultant Grant Fredricks briefed the Committee on the Federal Way Transit Extension by explaining that the Alternative Analysis phase and the EIS Scoping period are now complete. They will be followed by a Draft Environmental Impact Statement (EIS) phase through 2014 with alternative alignment and station locations identified by the Sound Transit Board based on agency and public comments. A preferred alternative will be identified once Sound Transit reviews agency and public comments on the DEIS, and a Final EIS will be developed. The environmental review process will conclude with a Record of Decision from the Federal Transit Administration in late 2016.
6. Transportation Impact Fees: Ran out of time – item will be carried over to November meeting.

NEW SECTION

WAC 314-55-040 What criminal history might prevent a marijuana license applicant from receiving or keeping a marijuana license? (1) When the board processes a criminal history check on an applicant, it uses a point system to determine if the person qualifies for a license. The board will not normally issue a marijuana license or renew a license to an applicant who has accumulated eight or more points as indicated below:

Description	Time period during which points will be assigned	Points assigned
Felony conviction	Ten years	12 points
Gross misdemeanor conviction	Three years	5 points
Misdemeanor conviction	Three years	4 points
Currently under federal or state supervision for a felony conviction	n/a	8 points
Nondisclosure of any of the above	n/a	4 points each

(2) If a case is pending for an alleged offense that would earn eight or more points, the board will hold the application for the disposition of the case. If the disposition is not settled within ninety days, the board will administratively close the application.

(3) The board may not issue a marijuana license to anyone who has accumulated eight or more points as referenced above. This is a discretionary threshold and it is further recommended that the following exceptions to this standard be applied:

Exception to criminal history point assignment. This exception to the criminal history point assignment will expire on July 1, 2014:

(a) Prior to initial license application, two federal or state misdemeanor convictions for the possession only of marijuana within the previous three years may not be applicable to the criminal history points accumulated. All criminal history must be reported on the personal/criminal history form.

(i) Regardless of applicability, failure to disclose full criminal history will result in point accumulation;

(ii) State misdemeanor possession convictions accrued after December 6, 2013, exceeding the allowable amounts of marijuana, usable marijuana, and marijuana-infused products described in chapter 69.50 RCW shall count toward criminal history point accumulation.

(b) Prior to initial license application, any single state or federal conviction for the growing, possession, or sale of marijuana will be considered for mitigation on an individual basis. Mitigation will be considered based on the quantity of product involved and other circumstances surrounding the conviction.

(4) Once licensed, marijuana licensees must report any criminal convictions to the board within fourteen days.

WAC 314-55-097 Marijuana waste disposal-Liquids and solids. (1) Solid and liquid wastes generated during marijuana production and processing must be stored, managed, and disposed of in accordance with applicable state and local laws and regulations.

(2) Wastewater generated during marijuana production and processing must be disposed of in compliance with applicable state and local laws and regulations.

(3) Wastes from the production and processing of marijuana plants must be evaluated against the state's dangerous waste regulations (chapter 173-303 WAC) to determine if those wastes designate as dangerous waste. It is the responsibility of each waste generator to properly evaluate their waste to determine if it designates as a dangerous waste. If a generator's waste does designate as a dangerous waste, then that waste(s) is subject to the applicable management standards found in chapter 173-303 WAC.

(a) Wastes that must be evaluated against the dangerous waste regulations include, but are not limited to, the following:

(i) Waste from marijuana flowers, trim and solid plant material used to create an extract (per WAC 315-55-104).

(ii) Waste solvents used in the marijuana process (per WAC 315-55-104).

(iii) Discarded plant waste, spent solvents and laboratory wastes from any marijuana processing or quality assurance testing.

(iv) Marijuana extract that fails to meet quality testing.

(b) Marijuana wastes that do not designate as dangerous shall be managed in accordance with subsection (4) of this section.

(c) A marijuana plant, usable marijuana, trim and other plant material in itself is not considered dangerous waste as defined under chapter 173-303 WAC unless it has been treated or contaminated with a solvent.

(4) Marijuana waste that does not designate as dangerous waste (per subsection (3) of this section) must be rendered unusable following the methods in subsection (5) of this section prior to leaving a licensed producer, processor, retail facility, or laboratory. Disposal of the marijuana waste rendered unusable must follow the methods under subsection (6) of this section.

(a) Wastes that must be rendered unusable prior to disposal include, but are not limited to, the following:

(i) Waste evaluated per subsection (3) of this section and determined to not designate as "Dangerous Waste."

(ii) Marijuana plant waste, including roots, stalks, leaves, and stems that have not been processed with solvent.

(iii) Solid marijuana sample plant waste possessed by third-party laboratories accredited by the board to test for quality assurance that must be disposed of.

(iv) Other wastes as determined by the LCB.

(b) A producer or processor must provide the board a minimum of seventy-two hours notice in the traceability system described in WAC 314-55-083(4) prior to rendering the product unusable and disposing of it.

(5) The allowable method to render marijuana plant waste unusable is by grinding and incorporating the marijuana plant waste with other ground materials so the resulting mixture is at least fifty percent

nonmarijuana waste by volume. Other methods to render marijuana waste unusable must be approved by LCB before implementation.

Material used to grind with the marijuana falls into two categories: Compostable waste and noncompostable waste.

(a) Compostable mixed waste: Marijuana waste to be disposed as compost feedstock or in another organic waste method (for example, anaerobic digester) may be mixed with the following types of waste materials:

- (i) Food waste;
- (ii) Yard waste;
- (iii) Vegetable based grease or oils; or
- (iv) Other wastes as approved by the LCB.

(b) Noncompostable mixed waste: Marijuana waste to be disposed in a landfill or another disposal method (for example, incinerator) may be mixed with the following types of waste materials:

- (i) Paper waste;
- (ii) Cardboard waste;
- (iii) Plastic waste;
- (iv) Soil; or
- (v) Other wastes as approved by the LCB.

(6) Marijuana wastes rendered unusable following the method described in subsection (4) of this section can be disposed.

(a) Disposal of the marijuana waste rendered unusable may be delivered to a permitted solid waste facility for final disposition. Examples of acceptable permitted solid waste facilities include:

(i) Compostable mixed waste: Compost, anaerobic digester, or other facility with approval of the jurisdictional health department.

(ii) Noncompostable mixed waste: Landfill, incinerator, or other facility with approval of the jurisdictional health department.

(b) Disposal of the marijuana waste rendered unusable may be managed on-site by the generator in accordance with the standards of chapter 173-350 WAC.

(c) A record of the final destination of marijuana waste rendered unusable.

(a) Has earned, from a college or university accredited by a national or regional certifying authority a doctorate in the chemical or biological sciences and a minimum of two years' post-degree laboratory experience; or

(b) Has earned a master's degree in the chemical or biological sciences and has a minimum of four years' of post-degree laboratory experience; or

(c) Has earned a bachelor's degree in the chemical or biological sciences and has a minimum of six years of post-education laboratory experience.

(3) As a condition of accreditation, labs must follow the most current version of the Cannabis Inflorescence and Leaf monograph published by the *American Herbal Pharmacopoeia* or notify the board what alternative scientifically valid testing methodology the lab is following for each quality assurance test. The board may require third-party validation of any monograph or analytical method followed by the lab to ensure the methodology produces scientifically accurate results prior to them using those standards when conducting required quality assurance tests.

(4) As a condition of accreditation, the board may require third-party validation and ongoing monitoring of a lab's basic proficiency to correctly execute the analytical methodologies employed by the lab.

(5) Labs must adopt and follow minimum good lab practices (GLPs), and maintain internal standard operating procedures (SOPs), and a quality control/quality assurance (QC/QA) program as specified by the board. The board or authorized third-party organization can conduct audits of a lab's GLPs, SOPs, QC/QA, and inspect all other related records.

(6) The general body of required quality assurance tests for marijuana flowers, infused products, and extracts may include moisture content, potency analysis, foreign matter inspection, microbiological screening, pesticide and other chemical residue and metals screening, and residual solvents levels.

(ii) The jurisdiction(s) may contest the renewal and request an adjudicative hearing under the provisions of the Administrative Procedure Act (chapter 34.05 RCW) by submitting a written request on a form provided by the board. The request must be received within twenty days of the date the intent to renew notification was mailed. If the board, in its discretion, grants the governmental jurisdiction(s) an adjudicative hearing, the applicant will be notified and given the opportunity to present evidence at the hearing.	(i) The board will notify the licensee in writing of its intent to not renew the license, stating the reason for this decision. (ii) The licensee may contest the nonrenewal action and request an adjudicative hearing under the provisions of the Administrative Procedure Act (chapter 34.05 RCW) by submitting a written request on a form provided by the board. The request must be received within twenty days of the date the intent to deny notification was mailed. (iii) If the licensee requests a hearing, the governmental jurisdiction will be notified. (iv) During the hearing and any subsequent appeal process, the licensee is issued a temporary operating permit for the marijuana license until a final decision is made.

NEW SECTION

WAC 314-55-505 What are the procedures for notifying a licensee of an alleged violation of a liquor control board statute or regulation? (1) When an enforcement officer believes that a licensee has violated a board statute or regulation, the officer may prepare an administrative violation notice (AVN) and mail or deliver the notice to the licensee, licensee's agent, or employee.

(2) The AVN notice will include:

- (a) A complete narrative description of the violation(s) the officer is charging;
- (b) The date(s) of the violation(s);
- (c) A copy of the law(s) and/or regulation(s) allegedly violated;
- (d) An outline of the licensee's options as outlined in WAC 314-55-510; and
- (e) The recommended penalty.

(i) If the recommended penalty is the standard penalty, see WAC 314-55-520 through 314-55-535 for licensees.

(ii) For cases in which there are aggravating or mitigating circumstances, the penalty may be adjusted from the standard penalty.

NEW SECTION

WAC 314-55-506 What is the process once the board summarily suspends a marijuana license? (1) The board may summarily suspend any license after the board's enforcement division has completed a preliminary staff investigation of the violation and upon a determination that immediate cessation of the licensed activities is necessary for the protection or preservation of the public health, safety, or welfare.

(2) Suspension of any license under this provision shall take effect immediately upon personal service on the licensee or employee thereof of the summary suspension order unless otherwise provided in the order.

(3) When a license has been summarily suspended by the board, an adjudicative proceeding for revocation or other action must be promptly instituted before an administrative law judge assigned by the office of administrative hearings. If a request for an administrative hearing is timely filed by the licensee or permit holder, then a hearing shall be held within ninety days of the effective date of the summary suspension ordered by the board.

NEW SECTION

WAC 314-55-507 How may a licensee challenge the summary suspension of his or her marijuana license? (1) Upon summary suspension of a license by the board pursuant to WAC 314-55-506, an affected licensee may petition the board for a stay of suspension pursuant to RCW 34.05.467 and 34.05.550(1). A petition for a stay of suspension must be received by the board within fifteen days of service of the summary suspension order. The petition for stay shall state the basis on which the stay is sought.

(2) A hearing shall be held before an administrative law judge within fourteen days of receipt of a timely petition for stay. The hearing shall be limited to consideration of whether a stay should be granted, or whether the terms of the suspension may be modified to allow the conduct of limited activities under current licenses or permits.

(3) Any hearing conducted pursuant to subsection (2) of this section shall be a brief adjudicative proceeding under RCW 34.05.485. The agency record for the hearing shall consist of the documentary information upon which the summary suspension was based. The licensee or permit holder shall have the burden of demonstrating by clear and convincing evidence that:

(a) The licensee is likely to prevail upon the merits at hearing;

(b) Without relief, the licensee will suffer irreparable injury. For purposes of this section, elimination of income from licensed activities shall not be deemed irreparable injury;

(c) The grant of relief will not substantially harm other parties to the proceedings; and

(d) The threat to the public health, safety, or welfare is not sufficiently serious to justify continuation of the suspension, or that modification of the terms of the suspension will adequately protect the public interest.

(4) The initial order on stay shall be effective immediately upon service unless another date is specified in the order.

NEW SECTION

WAC 314-55-508 Review of orders on stay. (1) The licensee, or agency, may petition the board for review of an initial order on stay. Any petition for review must be in writing and received by the board within ten days of service of the initial order. If neither party has requested review within ten days of service, the initial order shall be deemed the final order of the board for purposes of RCW 34.05.467.

(2) If the board receives a timely petition for review, the board shall consider the petition within fifteen days of service of the petition for review. Consideration on review shall be limited to the record of the hearing on stay.

(3) The order of the board on the petition for review shall be effective upon personal service unless another date is specified in the order and is final pursuant to RCW 34.05.467. Final disposition of the petition for stay shall not affect subsequent administrative proceedings for suspension or revocation of a license.

NEW SECTION

WAC 314-55-510 What options does a licensee have once he/she receives a notice of an administrative violation? (1) A licensee has twenty days from receipt of the notice to:

- (a) Accept the recommended penalty; or
- (b) Request a settlement conference in writing; or
- (c) Request an administrative hearing in writing.

A response must be submitted on a form provided by the agency.

(2) What happens if a licensee does not respond to the administrative violation notice within twenty days?

(a) If a licensee does not respond to the administrative violation notice within twenty days, the recommended suspension penalty will go into effect.

(b) If the penalty does not include a suspension, the licensee must pay a twenty-five percent late fee in addition to the recommended penalty. The recommended penalty plus the late fee must be received within thirty days of the violation notice issue date.

(3) What are the procedures when a licensee requests a settlement conference?

(a) If the licensee requests a settlement conference, the hearing examiner or designee will contact the licensee to discuss the violation.

(b) Both the licensee and the hearing examiner or designee will discuss the circumstances surrounding the charge, the recommended penalty, and any aggravating or mitigating factors.

(c) If a compromise is reached, the hearing examiner or designee will prepare a compromise settlement agreement. The hearing examiner or designee will forward the compromise settlement agreement, authorized by both parties, to the board, or designee, for approval.

(i) If the board, or designee, approves the compromise, a copy of the signed settlement agreement will be sent to the licensee and will become part of the licensing history.

(ii) If the board, or designee, does not approve the compromise, the licensee will be notified of the decision. The licensee will be given the option to renegotiate with the hearings examiner or designee, of accepting the originally recommended penalty, or of requesting an administrative hearing on the charges.

(d) If the licensee and the hearing examiner or designee cannot reach agreement on a settlement proposal, the licensee may accept the originally recommended penalty, or the hearing examiner or designee will forward a request for an administrative hearing to the board's hearings coordinator.

NEW SECTION

WAC 314-55-515 What are the penalties if a marijuana license holder violates a marijuana law or rule? (1) The purpose of WAC 314-55-515 through 314-55-540 is to outline what penalty a marijuana licensee can expect if a licensee or employee violates a liquor control board law or rule. (WAC rules listed in the categories provide reference areas, and may not be all inclusive.)

(2) Penalties for violations by marijuana licensees or employees are broken down into four categories:

(a) Group One—Public safety violations, WAC 314-55-520.

(b) Group Two—Regulatory violations, WAC 314-55-525.

(c) Group Three—License violations, WAC 314-55-530.

(d) Group Four—Producer violations involving the manufacture, supply, and/or distribution of marijuana by nonretail licensees and prohibited practices between nonretail licensees and retail licensees, WAC 314-55-535.

(3) For the purposes of chapter 314-55 WAC, a three-year window for violations is measured from the date one violation occurred to the date a subsequent violation occurred.

(4) The following schedules are meant to serve as guidelines. Based on mitigating or aggravating circumstances, the liquor control board may impose a different penalty than the standard penalties outlined in these schedules. Based on mitigating circumstances, the board may offer a monetary option in lieu of suspension, or alternate penalty, during a settlement conference as outlined in WAC 314-55-510(3).

(a) Mitigating circumstances	(b) Aggravating circumstances
Mitigating circumstances that may result in fewer days of suspension and/or a lower monetary option may include demonstrated business policies and/or practices that reduce the risk of future violations. Examples include: • Having a signed acknowledgment of the business' responsible handling and sales policies on file for each employee; • Having an employee training plan that includes annual training on marijuana laws.	Aggravating circumstances that may result in increased days of suspension, and/or increased monetary option, and/or cancellation of marijuana license may include business operations or behaviors that create an increased risk for a violation and/or intentional commission of a violation. Examples include: • Failing to call 911 for local law enforcement or medical assistance when requested by a customer, a liquor control board officer, or when people have sustained injuries.

NEW SECTION

Transportation impact fees were not collected until July 2005. In January 2010 Ord 1476 was passed, and subsequently amended in November of 2011 under Ord 1524, and again in November 2012 under Ord 1553, raising the transportation impact fee to \$5000 per new PM peak hour trip. The increase will be implemented in steps, beginning at 50% through 2011 and increased per the above schedule until 2016 when the full impact fee is charged.

Transportation impact fees are adjusted annually based on the construction cost index for the Seattle area as reported in the March issue of the Engineering News Record.

ENR builds the index using: 200 hours of common labor at the 20-city average of common labor rates, plus 25 cwt of standard structural steel shapes at the mill price prior to 1996 and the fabricated 20-city price from 1996, plus 1.128 tons of portland cement at the 20-city price, plus 1,088 board-ft of 2x4 lumber at the 20-city price.

* Refer to TIF Rate Study and Fee Schedule for calculated fees.
